Here is first coordinated set of pictures made by Ranger 7 in its dive on the moon Friday, compiled from photos released by Jet Propulsion Laboratories. Beginning at top left, cameras show successively closer lunarscapes, beginning 480 miles up and ending with a shot from three miles altitude. On each picture, a white square outlines the area covered by the succeeding photo. Final photo is a closeup of area measuring just 1.66 miles per side. (AP Wirephoto)

It's Now Officially Sen. Salinger

SACRAMENTO (AP)—Gov. Edmund G. Brown today named Pierre Salinger to the unexpired term of the late Sen. Clair Engle.

The Democratic governor made the announcement with the former White House press secretary at his side at a news conference.

The one-time San Francisco newspaper reporter hasn't been a California voter since 1955, and whatever happens, he won't be able to vote for himself in November. He'll be eligible, however, to cast a presidential ballot.

Brown declared that he had discussed the matter with the attorney general's office and that "there is absolutely no question that this appointment is proper and valid."

Salinger, who attended Engle's funeral services in Red Bluff yesterday, said he would be sworn in the Senate at 12:15 p.m. (EDT) Wednesday.

The governor said it's possible that a state appellate justice would administer the oath to the new senator here today.

Brown disclosed that President Lyndon B. Johnson telephoned him yesterday to express his sorrow over the death of Engle, and that he told Johnson of his plan to appoint Salinger.

Brown said the president told him that he wouldn't tell him whom to appoint, but that as long as Brown had mentioned his choice, "this is the man I would have suggested."

Salinger promised to begin conferences "at the earliest possible time" with Republican Sen. Thomas Kuchel and the state's congressional delegation "on all pending legislation affecting

Auto Accidents Claim Two Lives, Injure Two In Marin

Plunge In Canyon Is Fatal

A 74-year-old real estate salesman was killed yesterday and a prospective client seriously injured when the car he was driving hurtled down a steep driveway in Corte Madera and plunged into a canyon at 5:10 p.m.

Vern Lamar Lindburg, 74, of 75 Corte Solano, Greenbrae, died instantly, according to Asst. County Coroner William C. Bradley who pronounced him dead at the scene.

Mrs. Miriam Arbour of 135 Redwood Avenue, Corte Madera, who was being shown a house for rent by Lindburg, was in fair condition at Marin General Hospital today with multiple cuts and bruises and a dislocated right shoulder.

RESCUE TASK

Corte Madera firemen and the crew from the Marin Ambulance Co. worked for 20 minutes to extract Mrs. Arbour from the wreckage behind a home at 9 Ridge Way, Corte Madera.

Lindburg, a salesman for the Solon Realty Co., drove up a driveway with a 33 per cent grade to show Mrs. Arbour a house for rent at 124 Hillpath.

Peter James Thompson, 25, of 515 D Street, San Rafael, who was working in his parents carport at 141 Crescent Avenue, saw Lindburg turn his car around in the steep driveway.

CAR IN REVERSE

Thompson said Lindburg's engine on his 1956 Chevrolet equipped with automatic transmission was going full speed in an attempt to back the car up.

DRIVER KILLED—Robert Ashman Lowery, 33, of Oakland, driver of this convertible was killed instantly when his car was hit by the liquor van that swerved across Highway 101 at the Marinwood overpass yesterday afternoon. (Independent-Journal photo)

Vehicles Collide Head-On

A state Chamber of Commerce official was killed yesterday and another seriously injured when a liquor company's delivery van crossed the divider strip of Highway 101 at Marinwood overpass and slammed into their car.

The delivery van, whose two gasoline tanks had just been filled, burst into flames. The driver jumped out and escaped serious injury.

Killed instantly at 1:25 p.m. was the driver of the 1947 Buick convertible, Robert Ashman Lowery, 33, of Oakland, manager of the chamber's printing shop in San Francisco.

SURVIVOR

A passenger in his car, William Clayton, 45, of San Francisco, assistant general manager of the chamber, was in fair condition today at San Rafael General Hospital with a serious scalp cut, broken nose, bruises on both his legs and a scraped left elbow.

Tony Reynold Bussini, 49, of Santa Rosa, driver of the delivery van owned by the Juillard-Alpha Liquor Co. of San Rafael, was treated for multiple bruises at the hospital.

DRIVER SWERVED

Buzzini was driving north on the highway in a construction zone when a brown sedan driven by a woman changed lanes in front of him. Rather than hit the sedan, Buzzini swerved to the left and the delivery van went out of control, according to the California Highway Patrol.

It crossed the divider strip, broke through a wooden barricade and slammed into the driver's side of the car being driven south on the highway by

Hospital Post Is Filled After Phone Talks

Members of the Marin Hospital District board have selected Paul F. Kent, 36, of 456 Nova Albion Way, Terra Linda, as the fifth member of the board, thus ending a three and one-half month search.

Hospital Administrator William W. Turner said he was told by Board Chairman Ernest N. Kettenhofen today that the board had approved selection of Kent as determined by a telephone poll conducted by Kettenhofen.

The Aug. 12 meeting of the hospital's operations committee has been changed to a full board meeting in order to officially name a fifth member of the board.

Kent, manager of administration at the Fairchild Semiconductor Plant in San Rafael, has lived in Marin County for four years.

He is on the board of directors of the San Rafael Chamber of Commerce, a director of the newly formed Terra Linda Rotary Club, vice president of the Marin United Crusade and on the executive committee of the Bay Area United Crusade.

A native of Berkeley, he is a Stanford graduate and served three years in the Navy. He is married and has four children whose ages range from three to 11 years old.

Utility Roll Gives 1-Cent Tax Break For Marin

County Auditor-Controller Michael Mitchell told the board of supervisors today they could cut this year's estimated county tax rate by one cent to $2.30 per $100 assessed valuation, as a result of the boost in assessed value of utility property announced by the state today.

The estimated tax rate is still 4½ cents higher than last year's rate of $2.25½.

The State Board of Equalization has assessed property owned by private utilities in Marin County at $32,381,350, as compared to $31,058,400 last year, a 4.3 per cent increase.

The state board assessed utility property throughout the state at a record $4,442,000,000, an increase of $93.7 million dollars or 2.16 per cent over 1963.

There was no change in Napa County where the utility assessment remained at $12,699,000, but Sonoma County had a 6.7 per cent increase to $28,863,000.

Mitchell said the county tax rate was based on a lower estimate of the utility assessment roll. The increase will also effect tax rates in various cities, school districts and special districts, but the exact effect will not be known until after Aug. 14, Mitchell said.

The state board reported that 38 of the state's 58 counties shared in the increase with the greatest gain in Los Angeles County where $26.5 million dollars was added to the rolls.

The board also reported an increase in Marin County, aside from the utility rate, assessed value from $301,754,000 to $345,915,000, an increase of $44,161,000, a 14.6 per cent increase.

Board To Discuss Redistricting After Election

County supervisors today agreed to tackle the problem of supervisorial redistricting six days after the Nov. 3 election.

They scheduled a meeting for 10 a.m. Nov. 9, and agreed any discussion before then would be "unfair" to either those supervisors running in the election or their opponents.

"It would not be the proper climate in which to act objectively," observed Supervisor Peter H. Behr.

Noting that any new members who might join the board after Jan. 1 might want to have a say about the matter, they agreed to make "tentative conclusions" their main goal in the November sessions, leaving it open for final action after the first of the year.

Representatives Vote $46 Billion For Defense

WASHINGTON (UPI) — The House today gave its final approval to the 46.7 billion dollar defense appropriations bill — the largest money measure to come before Congress this year.

The measure now goes to the Senate for final congressional action.

Red Boats In New Attack

BULLETIN

WASHINGTON (UPI) — The U.S. Navy Destroyers Maddox and C. Turner Joy were attacked by about six Communist torpedo boats off the coast of North Vietnam at about midnight Saigon time, today, it was learned.

Informed sources said the destroyers and airplanes from the carrier Ticonderoga counter-attacked and they believed at least two of the boats were sunk.

Rehabilitation Center Chief To Be Paid $12,000 A Year

The chief of the new county family rehabilitation center is going to cost Marin $12,000 a year, the board of supervisors learned today.

Applicants who meet the county's requirements are at a premium and can "just about write their own ticket," explained County Personnel Director Robert D. Elliott.

He said that a top-notch person has been found, Eve Citrin, now a lecturer in the school of social work, University of Washington, and at the University of California, both part time.

Supervisor Byron W. Leydecker, asked what her salary would do to other salaries in the Probation Department and in the rest of the county government.

"They are going to cause problems," answered Elliott. "Obviously the top positions have simply been squashed for too long."

The board agreed that the person selected should be hired, to start Nov. 1.

The Marin County Board of Supervisors voted 4-1 today to "get politics out" of discussions with the city of San Rafael on joint construction of San Pedro Road by authorizing County Administrator Alan Bruce and San Rafael City Mgr. Dan E. Andersen to make a joint report.

Action came after Supervisor Byron W. Leydecker implied he felt interest of both sides would not be helped by any con-

VICTIM OF RIOTING — A Negro youth wounded in the neck and shoulder during last night's violence in Jersey City, N.J., is carried from his housing project by a Negro policeman and others. The injured man, Louis Mitchell, reportedly was among a group of Negroes who bombarded police officers for the second night in a row, with bricks, stones, bottles and other objects, until police shot out street lights so rioters could not see their targets. Anti-Wallace Pickets Jailed In Los Angeles

LOS ANGELES (AP) — About 150 civil rights demonstrators last night blocked a driveway used by a group trying to get Alabama Gov. George Wallace to speak here and 16 had to be carted away on police stretchers, officers reported.

Demonstrators carried away were booked on the misdemeanor charge of false imprisonment.

They protested a meeting of the Greater Los Angeles Citizens Council with signs reading: "Take Your Sheets and Go Home" and "Go Home KKK." They were identified as members of the Congress of Racial Equality (CORE) and Los Angeles Friends of the Student Non-Violent Coordinating Committee.

President of the council, insurance broker Clyde Reynolds, told an audience of about 300 persons the council's primary goal is to work for the repeal of the Rumford Act, which prohibits discrimination in most California housing. He said arrangements are being made for Gov. Wallace to speak here within the next two months.

The council's national director, Louis W. Hollis, Jackson, Miss., attended the meeting. He said potential membership for the Los Angeles group is unlimited.

Two counter-pickets identified themselves as members of the American Nazi Party. One of their signs read: "Separation or Death."

Angry council members scuffled briefly with a radio news reporter who later said one of them slugged and kneed him.

The meeting was held at the Los Angeles Breakfast Club, 3201 Las Feliz Boulevard.

It Was Ratty Deal

MILWAUKEE, Wis. (UPI) — Nobody "ratted" on the firebug who started a $150 blaze in a food store here, but detectives think the arsonist was a mouse. They theorized the mouse knocked some soup cans to the floor, where they landed on wooden matches, igniting them.

Negroes Hurl Bricks, Bombs In Jersey City

JERSEY CITY, N.J. (AP) — Bands of young Negroes, hurling gasoline bombs, bricks and bottles at policemen, surged through Jersey City streets again last night in a riot that left two Negroes shot and 16 other persons injured.

Police arrested seven Negroes on disorderly persons charges, bringing to 20 the number of arrests since the fighting broke out Sunday night.

Early today, the hit-and-run bands retreated from the streets, but more than 100 policemen still patrolled a wide area of the predominantly Negro section in the southern part of the city.

Windows in a score of stores were smashed and some businesses looted in the latest outbreak.

At a midnight press conference more than three hours after the riot began, Mayor Thomas J. Whelan said he believed the violence had "passed its peak."

But he reiterated his warning: "We will use all the force and power at our disposal to see that law and order is maintained."

He said he was prepared to sit down with civil rights leaders "anytime, anywhere" but the first problem was maintaining order.

Whelan said the situation in Jersey City, across the Hudson River from New York City, was one of "hooliganism versus law and order." The city has 275,000 residents, 17 per cent of whom are Negroes.

The two Negroes who were shot and an unidentified white man who was reportedly dragged from his truck and stabbed by Negroes were the only injured persons detained at the Jersey City Medical Center. All three were reported in good condition.

LBJ Backer Has Stiff Fight In Primary Election Today

WASHINGTON (AP) — Three states hold primary elections today, with Rep. Richard Bollins, a strong supporter of the Johnson administration on the powerful House Rules Committee, facing a stiff fight in Missouri.

Bolling's battle and primary contests for gubernatorial nominations in Missouri and Kansas hold the limelight.

Idaho also has a primary, with Democratic incumbent Reps. Ralph Harding and Compton I. White unopposed for renomination.

Bolling, a liberal, is opposed by a conservative, Judge Hunter Phillips.

Missouri Lt. Gov. Hilary A. Bush and Secretary of State Warren E. Hearnes head a five-man field seeking the Democratic nomination for governor. Ethan Shepley of St. Louis and William B. Ewald of Kirkwood are among four Republican hopefuls.

Retiring Gov. John M. Dalton is ineligible for re-election.

Sen. Stuart Symington, D-Mo., has two little-known opponents, while Republicans are picking between Jean Paul Bradshaw and Morris D. Duncan.

Two Republican congressmen are unopposed for renomination, while seven incumbent Democrats have opposition.

In Kansas, eight Republicans are running for governor, including Rep. William H. Avery, who resigned as a member of the House Rules Committee. Other GOP hopefuls include McDill Boyd, a close runnerup in 1960; Lt. Gov. Harold Chase; Atty. Gen. William M. Ferguson, and State Senate President Paul Wunsch.

Former State Treasurer George Hart and Corporation Commissioner Harry G. Wiles are among six Democratic candidates.

Two-term Republican Gov. John Anderson is not seeking re-election.

In House contests in Kansas, four men are trying for the GOP nomination to succeed Avery, while Rep. Garner Shriver has one Republican primary opponent. The other three Republican incumbents are unopposed.

Germans Say Race Riot Kills G.I.

HANAU, Germany (UPI)—A white soldier was stabbed to death and another wounded when a group of Negro soldiers attacked them on the street here yesterday, a U.S. Army spokesman said today.

German newspapers described the early morning clash as a race riot.

The Army spokesman said military police reports did not go into racial aspects of the incident except to note that the Negroes attacked the two white soldiers "for no apparent reason."

Barry Sails Again, Shuns Press

BALBOA (AP)—Sen. Barry Goldwater was to take to the open sea again today for what could be his last day of complete rest until after the November election.

His schedule called for almost a repeat of Sunday's outing: A leisurely trip on the Sundance, an 83-foot one-time PT boat that has been converted into a luxury yacht.

Tomorrow Goldwater heads back to Washington to plunge into a campaign schedule.

Rhodesia Outlaws Wild Lumpa Sect

LUSAKA, Northern Rhodesia (AP)—The Northern Rhodesian government has temporarily outlawed the fanatic Lumpa sect, whose rampages in the past 12 days have cost at least 270 lives.

In a nationwide broadcast last night after the Lumpa massacre of 150 persons at Lundazi, Prime Minister Kenneth Kaunda threatened anyone attending meetings of the cult with seven years in prison.

Kaunda said he does not dispute the right of the Lumpas to their religious beliefs—a hodgepodge of African superstition, paganism and Church of Scotland theology—but he insisted on the restoration of order. He said he would lift the ban in about a month if the carnage ends.

Castro Stirs Racism, Ex-Aide Says

MIAMI, Fla. (AP)—Former Cuban President Manuel Urrutia has accused Fidel Castro of having a hand in racial violence in the United States.

Urrutia, Castro's first chief executive, said yesterday in an interview that the Cuban dictator "has from the start of his rule shown an interest in stirring up American Negroes."

"Now he maintains a regular English language broadcast from Havana designed to incite American Negroes to rebellion," he said.

Urrutia referred to "Radio Free Dixie," a broadcast by Robert Williams, Negro from Monroe, N.C., who fled to Cuba after being indicted on a kidnaping charge stemming from racial trouble.

Assassination Report Plot Denial Foreseen

WASHINGTON (AP) — The Warren Commission plans to devote much of its forthcoming report to rebutting speculation that a domestic or international conspiracy caused the assassination of President John F. Kennedy, says the Washington Evening Star.

It said that the commission's report is expected to be made public the week of Sept. 14, although it will be presented to President Lyndon B. Johnson one or two weeks before that.

LBJ Aide Called In Suit Against Bobby Baker

WASHINGTON (AP) — Presidential aide Walter Jenkins has been subpoenaed in the civil suit that touched off the senate investigation of Bobby Baker.

White House press secretary George Reedy confirmed Monday that Jenkins, a long-time assistant to President Lyndon B. Johnson, had been subpoenaed to appear in the action brought by the Capitol Vending Corp. against Baker, who resigned under fire as the secretary to Senate Democrats on Oct. 7.

The suit charges that Baker used his influence to deprive Capitol of a contract to operate vending machines in the Melpar Inc. plant at Falls Church, Va., after having been paid $5,600 to maintain the contracts for Capitol.

Jenkins was directed to appear for questioning Sept. 8.

More Warships Moving In Asia

WASHINGTON (AP) — In the wake of President Lyndon B. Johnson's order beefing up U.S. naval forces off Communist North Vietnam, the giant U.S. aircraft carrier Constallation and three other American warships were to set sail from Hong Kong today.

A U.S. spokesman in Hong Kong said the four ships left according to schedule. He declined to give their destination or to say if the move was connected with Johnson's announcement that fallowed Sunday's attack on the U.S. destroyer Maddox by three North Vietnamese torpedo boats.

In advance of the departure of the four vessels, shore leave was canceled for officers and crew, and the ships apparently were placed on alert.

Besides the Constellation, they included the guided missile frigate Gridley, and the destroyers Preston and Fechteler.

Meanwhile, U.S. officials here were watching to see if the Sunday attack was an isolated incident or part of a hazardous new Communist strategy.

BUILDING FOR TIBURON—Developer Fred G. Zelinsky proposes this structure for downtown Tiburon to include a restaurant, shops, bar, banquet and dining rooms. To the rear would be docking facilities for the weekday commuter and Thursday night tourist ferry. The Tiburon Planning Commission will consider more explicit plans at its Aug. 17 meeting.

Tiburon Planners Want Specifics On Waterfront Area Development

Tiburon Planning commissioners last night asked to see more detailed plans of a proposed restaurant-shop-docking complex on the Main Street of the city.

The agreed to require developer Fred G. Zelinsky to show plans which would specifically include provisions for parking and loading, would show building design and appearance and would show what signs would be erected.

Commissioners applied similar requirements to a proposal from Harbor Carriers to construct a pier and dolphins off the same area. The company operates the daily Tiburon-San Francisco commutor ferry and a Thursday night tourist jaunt.

Zelinsky's proposal would mean construction of a building on what now is docking and yacht sales area at the east end of Main Street. The building would have in it two retail shops, a bar and kitchen on the lower floor, and a kitchen bar, banquet room and dining room on the second floor.

In the rear of the building would be the docking facilities for the ferry. Ferries now dock at the Dock restaurant facilities, also owned by Zelinsky, who says he wants the ferry to find a permanent home.

He was backed up by 12 letters from contented commuters who wanted to make sure the ferry service continues. Lone dissenter was Robert Moor of Tiburon Tidelands Co. who, in a letter, said he opposed permission for construction of the new dock because ferry operation there might cause backwash which would injure nearby property (Tiburon Tidelands is in the process of purchasing the adjoining Northwestern Pacific Railroad property), there would not be enough leeway to maneuver and that a car parking area had not been provided.

Many of the 60 persons who crowded into the room of the Del Mar School for the meeting showed that they favored granting dock construction permission by repeated applause for favorable comments.

But planning advisors from Marin County, under contract to the local commission, said they would favor that 60 parking spaces be set aside now, so that when the Tiburon peninsula population grew to its maximum, there would be enough parking for commuters.

"If there were no parking at all, I'm sure we would still all be taking the boat," said spectator John G. McChesney. His comments were seconded by applause.

The restaurant and docking proposals are scheduled to come before the commission again on Aug. 17 for consideration of development plans. All items heard last night by the commission will come before the city council on Aug. 10 for final consideration.

The Tiburon City Planning Commission Also:

1. Permitted the architectural firm of Callister and Payne to use two Northwestern Pacific buildings for architectural drafting, but limited the use to one year and required that a "safe and convenient" driveway to Mar West Street be provided.
2. Approved construction by Ned Martin of a one-family house on the steep lot on the east side of East View Avenue, 150 feet southeast of Tamalpais Avenue, allowing adjustments in required yard size and requiring two parking spaces.
3. Approved construction of a two-family residence at 2335-2337 Mar East Street by Jack Heidelberg, allowing adjustments in required yard size. The one-level building will have two swimming pools.
4. Adjourned at 12:30 p.m. with two applicants still to come before the commission and agreed to hear them at the Aug. 17 meeting, with anothr applicant who had requested a continuance.
5. Set a meeting for 7:30 p.m. tomorrow for a work-study session on the commission budget and on a planning statement.

Vandals Hit High School At Novato

Vandals did approximately $300 damage to Novato High School over the weekend, according to Novato Police.

Joseph Gargiulo, principal of the summer school who lives at 1506 Buchanan Street, Novato, reported the vandalism. It was discovered when the school was opened yesterday morning.

Officer Richard R. Browne who investigated the case, surmised that entry to the buildings was gained through the use of a master key because there was no sign of a forced entry. The library and lockerrooms were entered.

Books in the library were strewn around the floor and an attempt was made to pry open the cabinets in the library storage room, Browne reported. The locked restrooms were also entered. Papers were strewn about. Eight small windows were broken in the library door.

James G. Bunker, superintendent of schools, estimated the damage at approximately $300.

Browne advised the school to change the locks.

Mill Valley Boy Hurt In Fall From Bicycle

Mark Adams, 12, of 21 Edgewood Avenue, Mill Valley, injured his right arm yesterday when he fell from his bicycle at 207 Evergreen Avenue, Homestead Valley.

He was taken by Marin Ambulance to Marin General Hospital where he was being X-rayed at noon. He was given first aid at the scene by a Tamalpais Valley Fire Department unit.

Group To Judge Teen Queen Fete

Mrs. Helen Greving, chairman of the Novato Parks and Recreation advisory commission, will name four members of the commission to act as judges for the Miss Teen Queen Contest it was decided at last night's meeting of the commission at the Community House.

The queen contest will be held Aug. 15 with the queen reigning over the official dedication of the Novato swimming pool from 2 to 4 p.m. Aug. 16.

William Keener made a preliminary report on the renovation of the community house. He asked that the approximately $16,000 left in the city budget for the renovation be kept there for possible future repair of the building.

Boy Hit-Run Victim Shows 'Slight' Gain

Twelve-year-old Robert G. Miller of Greenbrae has been transfered from the intensive care unit to the pediatrics ward of Marin General Hospital, it was reported today.

There has been "very slight" improvement in his condition since he was hit by a car while riding his bicycle July 9 and has been unconscious since the accident, hospital authorities said.

Contributions to a fund to aid the Miller family of 30 Corte Loyola, total about $450, Peter Gottheiner, president of the Greenbrae Property Owners Assn. said.

Aquacade Gives Proceeds To Aid Handicapped

The Marin Ballet Aquacade presented $1,000 to the Marin County Board of Education yesterday for use at Marindale School for orthopedically handicapped and deaf pupils.

The donation came from proceeds of the 19th annual aquacade presented by the group in June.

The board also received a $20 donation from the Marindale School staff to the Karen Kinsella Memorial Library Fund, which provides books for deaf pupils.

The donation was made in memory of Samuel Alexander Maxwell, father of Mrs. Bernice Gladney, a children's assistant at the school.

Old Law Of Demand

Summer Jobs Drive Falls Below 1963

Youth employment reached a high for the year in June, but fell far short of June, 1963, according to Edwin W. Ayer, the chairman of the Marin County Youth Employment Committee.

There were 396 high school and college students placed in jobs during June as compared to 631 the previous June.

Ayer said the drop resulted from both a lack of job orders, and a lack of staff which resulted in less promotion of the youth employment program than it had last year.

The breakdowns on job placement was: San Rafael High School students, 86; Terra Linda High School students, 22; other high school students, 127; College of Marin students, 144; and other college students, 17.

At Camp Pendleton

Marine Lance Corporal James A. McClure, son of Mr. and Mrs. Allen M. McClure of 407 Ash Street, Mill Valley, is serving with the First Motor Transport Battalion, First Marine Division, Camp Pendleton.

Marin Teen-Agers Star In Youthful GOP Convention

Most of the key resolutions passed by Northern California teen-age Republicans at their convention in Oakland over the weekend were introduced by Marin Teen-Age Republicans, Ron Clausen of San Rafael reported.

Among them were resolutions condemning the Communist Party, Ku Klux Klan, Black Muslims, and the John Birch Society; supporting the United Nations as a peace-keeping force; supporting the Goldwater-Miller ticket; endorsing the 1964 Civil Rights Bill; and calling for a firmer policy in Vietnam.

Myra Scott, 16, of San Rafael won the post of secretary for the Northern California branch of the California Federation of Teen-Age Republicans.

Young Clausen, 17, president of the Marin Teen-Age Republicans, and Louis Cantel, 17, vice president of the Marin group and state sergeant-at-arms, led the six-man Marin delegation.

"We are very proud to have our slate of resolutions adopted and our candidate elected to the state office," said young Clausen. "It was a significant victory for moderate, responsible Republicanism."

Ralph Murphy, 16, of San Rafael was elected regional vice president for District 1 (roughly the First Congressional District), a post which young Clausen held until now.

The teen-age delegates also passed a resolution urging voters to reject Proposition 14 (initiative to nullify the Rumford Fair Housing Act) as "offensive to the moral and legal rights of all Americans." This resolution was introduced by Alameda teen-agers.

Clausen and Cantel will attend University of California at Davis this fall, with political science as their majors.

A TRIBUTE TO OUR ARTISTS

Our county attracts artists in increasing numbers. Painters, poets, sculptors, musicians, writers, creators of beauty in form, words, sound and color live among us, as do many of the nation's outstanding architects and landscape designers.

Artists must find nourishment for their genius in the sparkling sunlight, the rich contrasts of trees, grass, sky and water contained by the protecting flanks of Mt. Tamalpais. The sweet air, moist and pungent in the morning, dry and aromatic in the afternoon, blend us a climate matchless in comfort for the body.

These gifted people enrich our lives with their presence and our reputation with their work. We are proud that their work is displayed in so many public places to be purchased or simply enjoyed.

Mill Valleyites Would Help Sausalito Schools

A delegation of about 13 persons last night urged the Mill Valley School District board to take immediate action to help Sausalito School District reduce racial imbalance in Manzanita School.

Mrs. Magda Cregg of Mill Valley proposed that Mill Valley admit some students from Marin City as a step toward improvement of the situation. She pointed out that the report by state consultant Wilson C. Riles concluded racial balance cannot be achieved without outside coperation.

Sausalito could reimburse Mill Valley for the cost of education of these children, and parents could provide transportation, she said.

Sausalito district pupils could be admitted to schools in Mill Valley through inter-district agreements.

Irving Cohen of 31 Morningsun Avenue, Mill Valley, suggested that annexation of Marin City by the Mill Valley School District would be better. Other persons favored unionization. Consultants had pointed toward school district unification as the ultimate solution, it was noted.

Board Chairman Dr. William L. Clark was authorized to attend the Aug. 17 meeting of the Sausalito School District Board and assure Sausalito that Mill Valley trustees are willing to talk over the problem at any time. The board set Aug. 20 as a tentative date to consider the entire matter.

Supt. G. Robert McConnell was asked to look into the problem of enrollemnt and finance if such a proposal to help Sausalito was agreed on. The district is using almost all its available space now.

The board adopted a budget of $1,814,160 for 1964-65. Resignations of three teachers, Mrs. Stan Dixon, Mrs. Thomas Kostic and Miss Charlene Burleson, and a custodian, Paul Ziegler, were accepted.

San Anselmo Critical Of Flood Plans

An adamant rejection of the Army Corps of Engineers proposal to make Corte Madera Creek into a "concrete ditch" for flood control was unanimously voted last night by San Anselmo Parks and Recreation Commission.

"We want our creek as a creek, and not as a concrete tube," said Paul N. Brand, commission chairman. "Fortunately we have to approve our part of it as a city."

Brand said that the proposed Corte Madera Flood control project to re-inforce the creek with concrete walls was rejected mainly for aestetic considerations by the commission.

The meeting was also attended by members of the San Anselmo Homes Assn. Members urged beautification of the city owned parking lot area where the Greyhound terminal formerly stood on Sir Francis Drake Boulevard.

The San Anselmo Parks and Recreation Commission also:

1. Heard a progress report on the master plan for Memorial Park by landscape architect William Kapranos of San Rafael.

2. Urged attention to landscaping of traffic dividers on Sir Francis Drake Boulevard.

3. Re-stated approval of open area zoning for Marin Water District properties, and requested that the San Anselmo City Council make a similar endorsement.

Sausalito School Board Hires Two, Re-Reads Budget

Sausalito School District trustees last night employed two teachers and read the publication budget of $786,000 for fiscal 1964-65.

Mrs. Joan Petterson of Mill Valley was hired to teach a primary grade at Manzanita School, and Mrs. Dorothy Seitz of San Francisco will teach mathematics and science to the seventh grade at Richardson Bay School.

The budget, adopted at a previous meeting, is $116,000 over the 1963-64 appropriation. If estimated assessed valuation of $26,904,350 is correct, the tax rate will be down 15 cents from last year to $2.24. The basic rate is expected to be $2. Override taxes for special purposes will total 14 cents, and 10 cents will be levied for one year only to pay for a fire sprinkling system being installed in Central School.

The boar dwill hold a special meeting at 8 p.m. Aug. 17 to discuss the Wilson C. Riles report on the district's ethnic problems.

tinuation of verbal exchanges between himself and Mayor John F. McInnis, who is opposing Leydecker for his seat on the board in the Nov. 13 election.

Leydecker accused the city two weeks ago of having "sat on its hands" for years in regard to the road work, and McInnis appeared last week to deny the charge at some length.

No vote came from Supervisor William D. Fusselman, who said the public works director, not Bruce, should handle the problem. He termed it "not a matter of administrative work at all. What we need is technical knowledge" he added.

Supervisors agreed they needed the joint report before acting on Supervisor Peter H. Behr's suggestion that the county borrow from capital improvements funds to permit starting work in the spring.

The governor noted pending legislation of interest to California in Congress, and said the state needs full representation in the Senate.

"Pierre is the choice of a majority of the members of his party," he said. "He is able, energetic and informed. He has just returned from abroad where he was making a firsthand study of conditions and with his Washington experience he will be able to get down to work the day he gets there."

Salinger plans to leave for Washington tonight.

Unruh Asks Appointment For Rumford

TOKYO (AP) — California Assembly Speaker Jesse Unruh sembly Speaker Jesse Unruh suggested Gov. Edmund G. Brown should appoint Negro Assemblyman Byron Rumford to the unexpired U. S. Senate term of Clair Engle who died last week.

Unruh, commenting today on the California senatorial situation at a reception here, said Rumford's appointment for the three months remaining of Engle's term would help in the fight to retain the state's anti-discrimination housing act. (Unruh's suggestion was made prior to Brown's appointment of Pierre Salinger.)

Rumford was author of the ligislation which opponents will try to repeal in the November election.

Unruh, a major supporter of Salinger said he did not think appointment of Salinger to the remaining three months of Engle's term would be of any help to Salinger in the election.

Furniture Stolen At Strawberry

A burglary which netted intruders about $350 in furniture from a Strawberry apartment house was reported by Marin County sheriff's officers today.

Valli Sonies, manager of the apartments at 101 Belvedere Drive, told deputies a Swedish-type couch, two end tables, a coffee table and a set of lamps were taken from a storage room between Friday and yesterday.

Entry was by prying the locked door, officers said. Harley Leete of 46 Lagoon Road, Belvedere, is owner of the furniture, according to the report.

FATAL

Continued from page 1

Lowery. The van flipped over and the gasoline tanks caught on fire.

Fire trucks from the Marin County, Marinwood and Hamilton Air Force Base fire departments responded to the scene.

Lowery's death was the 26th Marin County traffic fatality this year, as compared to 19 at this time last year.

Buzzini was on his way to Santa Rosa to make deliveries of liquor and wine. C. J. Christiansen, manager for the distributing company, said he looked briefly at the contents in the van yesterday and "it looked like a mess."

The Highway Patrol was investigating a report today that a tree stump in the middle of the northbound highway may have caused the brown sedan to change lanes quickly.

Southbound traffic piled up quickly and 15 minutes later two cars were involved in a rear-end accident just north of the scene of the fiery collision.

Valeska Elwell, 22, of 1145 Elm Drive, Novato was treated at Hamilton Air Force Base Hospital for a whiplash injury and her 8-month-old baby daughter, Chantel, was treated for bruises.

They were passengers in a car driven by Paul Bradley Elwell, 24, whose car was struck from behind by a car driven by John T. Pack of Los Altos in traffic which had slowed down to pass the accident scene.

Lowery, a native of Sacramento, had worked for the State Chamber of Commerce for 14 years. He lived with his mother, Barbara E. Lowery, in Oakland.

Funeral services will be held at 11 a.m. Thursday in the Alfred Brown Mortuary, 3476 Piedmont Avenue, Oakland. Burial will be at the Mountain View Cemetery in Oakland.

ACCIDENT

Continued from page 1

Suddenly it lunged forward and shot down the driveway.

The car's rear end slammed in to the pavement of Crescent Avenue. It crossed the roadway, jumped a log and shot through the air for about 60 feet. The car clipped the tops of trees on the steep embankment, according to Police Officer Charles Brobeck.

The car's downward plunge was halted by a five foot fence at the bottom of the canyon enclosing the property of William Stanley Bishop of 9 Ridge Way.

Neither Lindburg's seat belt or the seat belt on the passenger's side of the car were in use, Brobeck said.

Bradley said that an autopsy was to be performed today to determine if Lindburg, who has been under a doctor's care for the last 12 years for a heart condition, suffered a heart attack. Police were also seeking to determine today if the car's brakes failed.

Lindburg, a native of Nebraska, moved to California 42 years ago. He was employed in oil fields in Southern California, and worked at Marinship in Sausalito when he moved to Marin in 1942. He has worked for Solon Realty firm for 18 years. He was a veteran of World War I.

He is survived by his wife, Nina; a daughter, Mrs. John Carrieri of El Cerrito, and two sons, Edward Lindburg of Newport Beach, Orange County, and William H. Lindburg of Salem, Ore.

Funeral arrangements are pending at the Harry N. Williams Mortuary in San Rafael.

Motorcycle Rider Hurt By Collision

Michael Lynn Mahr, 16, of San Quentin was treated for a broken left wrist and sprained ankle yesterday at Marin General Hospital after he was thrown from his motor-bicycle which collided with a two and one-half ton truck at 3:30 p.m.

Mahr was riding north on Redwood Highway when the truck, driven by Clarence John Freitas, 42, of Santa Rosa, made a left turn into his path in front of 1612 Redwood Highway, Corte Madera, according to police.

Wallace Divulges Campaign Finances

MONTGOMERY (UPI) — Alabama Gov. George C. Wallace disclosed today that $321,334 had been raised to finance his now-abandoned presidential campaign.

Wallace told the Alabama Legislature the money came from "voluntary contributions from citizens throughout the United States" and much of the money was spent in his campaigning in Wisconsin, Indiana and Maryland.

Open Zoning Proposal Out By 4-2 Vote

The Marin County Planning Commission yesterday finally found four votes on one side of the question of open area zoning for the lands of the Marin Municipal Water District. They were against the zoning.

The matter, which has hung fire for months, and which was bounced back to the commission last month by the board of supervisors, was turned down, 4-2, with commissioners Niels Schultz, Jr., George Scott, Henry C. Hankins and Edward K. Wachsman opposed and William F. Upton and Eugene R. Trombley in favor.

The matter was scheduled to go before the supervisors this afternoon for the setting of a hearing date.

Commissioner Felix M. Warburg was absent at the time of the vote, but in the past has supported the proposed zoning.

Schultz said he felt the matter was not actually as serious as supposed conservation groups, which had requested the zoning change. He said he did not feel the water district directors had any intention of selling or subdividing district-owned land.

Hankins agreed, saying he would have voted for the change otherwise. He said that a new zone, a public lands zone, should be adopted and placed on the land, even more restrictive than the present provisions.

Planning Director B. D. Dobbs said he is waiting to see what the supervisors will do with the problem before drawing up provisions for the new zone. He said if the board overrules the commission, which he felt was possible, the question would be moot.

West Marin School Taxes Will Increase

The tax rate of the West Marin School District is expected to rise a few cents for the present fiscal year.

District trustees at a special meeting last night approved a $180,000 budget for the fiscal year, up from $133,726 last year. Included in the budget is a $10,000 general reserve fund for possible purchase of a school bus and repair and maintenance of school buildings, Supt. Howard F. Brose reported.

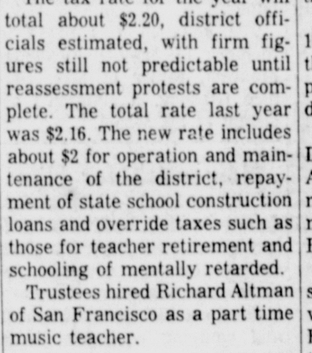

The tax rate for the year will total about $2.20, district officials estimated, with firm figures still not predictable until reassessment protests are complete. The total rate last year was $2.16. The new rate includes about $2 for operation and maintenance of the district, repayment of state school construction loans and override taxes such as those for teacher retirement and schooling of mentally retarded.

Trustees hired Richard Altman of San Francisco as a part time music teacher.

Pleads Guilty To Check Charge

James Lee Skaggs, 23, entered a guilty plea in Marin Superior Court yesterday to a charge of altering a $5 check to $750. Judgment was scheduled for 10:30 a.m. on Aug. 24.

San Rafael police said Skaggs, formerly of Point Reyes Station, did yard work for Mrs. Annie M. McCarthy of 210 Laurel Place, San Rafael, and somehow got the uncompleted check from her and made the alteration April 15.

FRIENDS—Rose Verrall, pictured here with one of the many goats she raised, died at a local hospital yesterday, bringing to a close a life dedicated to conservation in Marin. (Independent-Journal photo)

OBITUARIES

Rose Verrall, Protector Of Marin Wildlife, Dies At 80

Rose Rodriguez Da Fonte Verrall of Tiburon, a woman whose generosity contributed greatly to the cause of conservation in Marin County, died yesterday at a local hospital after a lengthy illness.

She would have marked her 81st birthday Saturday.

A year ago, 300 friends gathered at her Tiburon home to mark her 80th birthday.

Known affectionately to many as the "Goat Lady of Tiburon,' Mrs. Verrall loved animals and kept goats, turkeys, pigs and many other livestock.

In 1957, motivated by a concern for the vanishing open lands, she donated her nine-acre property overlooking Richardson Bay to the Marin Conservation League. The land has now become Northern California Headquarters for the National Audubon Society.

The land is on the west side of Tiburon Boulevard, south off the Bel Aire subdivision.

Mrs. Verrall was born Aug. 8, 1883, in San Francisco. She was the oldest daughter of one of the pioneer families of the Belvedere-Tiburon area.

Her father, Manuel Rodrigues Da Fonte, immigrated from the Azores, anglicizing the family name to Rogers when the family moved from San Francisco to Reed Ranch in 1886.

The family has lived there since. In 1918, John Paul Reed, who inherited the historic Reed Ranch, donated several parcels to various families. The nine-acre knoll went to Mrs. Verrall.

Thirty years ago, she married Arthur Verrall of Mill Valley. He died five years ago.

In 1957, after rejecting many offers for her land, she donated it to the conservation league.

The gift started a drive for more land and conservationists were able to purchase 624 acres of adjacent tidal property. In 1962 the land was transferred to the Audubon Society.

The Lyford home, built by Dr. Benjamin Franklin Lyford a century ago, was moved from Strawberry Point to the Verrall land to be headquarters for a bird sanctuary.

The home was restored by Mrs. Donald R. Dickey in memory of her husband, a well-known ornithologist.

Mrs. Verrall was recently commended by Carl W. Buchheister, president of the National Audubon Society, for her "great generosity.'

Mrs. Verrall is survived by a brother, Henry Rogers of Oregon and a sister, Louise Rogers of San Francisco.

Requiem High Mass will be offered at 9:30 a.m. Thursday at St. Raphael's Catholic Church, San Rafael. Burial will be at Holy Cross Cemetery, Colma.

The Rosary will be recited at 8 p.m. at Keaton's Mortuary, San Rafael.

The family prefers donations to the bench and planting fund on the Audubon property. California native shrubs and flowers will be planted there in Mrs. Verrall's memory.

Donations should be sent to the Audubon Society, 1130 Fifth Avenue, New York N. Y.

WILDA GRATONIK

A requiem high mass for Mrs. Wilda Gratonik, 48, of Vistazo West, Tiburon, will be celebrated at 9:30 a.m. Friday at St. Hilary's Church, Tiburon.

The cortege will leave Russell and Gooch Funeral Chapel, Mill Valley, at 9 a.m. Burial will be in Mount Olivet Cemetery, San Rafael.

Mrs. Gratonik was killed Saturday morning on Highway 30 in Wyoming when the car in which she and her family were riding overturned.

Her daughter, Lynn, 17, who was driving, and her husband, Edwin, vice president of Corinthian Pharmacy Inc. of Tiburon, were injured. Also surviving are Mrs. Gratonik's mother and stepfather, two brothers and a sister.

The rosary will be recited at 8:30 p.m. Thursday at Russell and Gooch.

Mrs. Lorraine B. Tollefson, wife of Marin County Airport Mgr. Harry O. Tollefson, died yesterday at a local hospital following a long illness. She was 44.

She was a native of California and lived with her husband and family at 20 Nave Court, Novato. She was a resident of Marin County for 17 years.

She is survived by her husband, and three children, Kirk, 20, a student in New York, Heidi, 14, and Troy Tollefson, aged 7.

Also surviving are her mother, Mrs. G. C. Bogart of Oakland; brother, James McDowell of San Francisco; and sister, Shirley Lorang of Colfax, Placer County.

Funeral will be held tomorrow at 1 p.m. at Keaton's mortuary in San Rafael. Burial will be private.

Bobby Kennedy Urges End To 'Checkbook Justice' Bail

WASHINGTON (UPI) — Atty. Gen. Robert F. Kennedy today urged Congress to reform the bail bond system and end checkbook justice.

In testimony prepared for a Senate judiciary subcommittee, Kennedy said the rich man and the poor man do not receive equal justice in the courts under the present bail system.

Bail has become "a vehicle for systematic injustice" because it consigns to prison any one who cannot "pay for their freedom," he said.

Citing figures, Kennedy pointed out that this is no small problem. In fiscal 1963, the number of federal prisoners alone held in jail pending trial exceeded 22,000," he said.

The main reason for the injustices, Kennedy said, is that bail is often set without regard to a defendant's character, family ties, community roots, or financial condition. The sole consideration is often "the nature of the crime," he said.

In a case in Pennsylvania, he said, a man who could not post bond spent 54 days in jail awaiting trial on a traffic offense for which the maximum penalty could have been five days.

Sailor Hurt When Cycle Leaves Road

A 22-year-old sailor from Colorado was in serious condition today at Letterman General Hospital in San Francisco with head injuries suffered when his motorcycle ran off Shoreline Highway a mile and a half north of Stinson Beach at 6:10 p.m. Saturday.

Dennis Charles Westphal, on liberty from the aircraft carrier U.S.S. Midway, suffered a deep scalp cut and possible otheed head injuries. The California Highway Patrol said the accident occurred in an area where many cyclists practice climbing sandy hills.

He was first given emergency treatment at Marin General Hospital, then transferred to Letterman.

Patrolmen said they were unsure exactly how it happened, due to Westphal's condition and the difficulty of finding tire marks in the sand.

Westphal was not wearing a helmet at the time, the patrol said.

Vendor Balks At Narrow Doorway

Trustees of Tamalpais Union High School District were ready to expand Redwood High School's graphic arts program last night, but the classroom door has to expand too, they learned.

The board awarded three contracts, totaling $9,812.77, for graphic instructional equipment for Tamalpais and Redwood High Schools, but couldn't get one vendor to supply a printing press for Redwood.

It was too big to fit through the classroom door, Vendor Dan Stewart said.

The district had ordered a used, rebuilt platen press, instead of a new one to save money, said Business Mgr. Frank Casson. The problem was that a new press is usually assembled in the classroom where it is housed, while an old one is already built.

Stewart of San Francisco balked at the last minute when he found that the press, some 42 inches wide, would have to be taken apart to fit through the 32-inch door.

Contracts awarded last night were $3,803.80 to Addressograph-Multigraph Corp. of San Francisco for a multilith machine for Tamalpais High School print shop; $5,327.80 to Griffin Bros. Inc. of San Francisco for nine items, ranging from a proof press to classroom cabinets; and $681.10 to Stewart for items including bookbinding outfits and a silk screen press.

Tamalpais Union High School District Trustees also:

1. Renewed liability insurance contracts to Marin County Insurance Agents Assn. through servicing agents Minto and Wilkie Insurance Agency Inc. of San Rafael.

2. Set for Aug. 26 a special meeting to open bids for construction of bleachers at Redwood High School gymnasium.

3. Set Sept. 21 as the next regular meeting of trustees.

Motorists Win Amnesty On Cove Road Turn Citations

On the urging of Councilman John R. Moore, the Belvedere City Council last night declared an amnesty for recipients of traffic tickets for violations prior to new restrictions where Cove and Lagoon roads meet the Tiburon Highway.

Mayor Merritt K. Ruddock agreed with Moore that sufficient notice of the regulations during the 60-day trial period, which began Saturday, may not have been given. However, when Moore urged that for the first week of the period, warnings rather than tickets be given to violators, Ruddock and Councilwoman Mrs. Benton D. Mathews said that this would defeat the purpose of the trial.

Cove and Lagoon roads are parallel to Tiburon Highway and meet across the highway from the new extension of Mar West Street. To alleviate the danger of collisions among cars crossing the highway at this point and among cars turning onto and off the highway, the council is trying these restrictions:

Left turns onto the highway from Cove and Lagoon roads and onto Cove Road from the highway and Mar West Street are forbidden, and stop signs have been posted for cars entering and leaving Cove and Lagoon roads.

This has forced drivers wishing to go west on Tiburon Highway from Cove Road and those wishing to enter Cove Road from the highway to use the approaches at San Rafael Avenue farther west or at Beach Road farther east.

Many citizens were at the meeting to complain about these inconveniences, but Ruddock asked them, "Please bear with us." One man said he had to wait four minutes at Beach Road before being able to get on the highway, but Ruddock said, "It is better to wait four minutes than to lose a life."

The council passed an ordinance requiring fencing around pools belonging to uninhabited homes.

The Belvedere City Council also:

1. Heard a report by Dr. Raymond J. Millzner, former mayor, on four parts of the city where the water mains and hydrants are not sufficient for adequate firefighting potential. Dr. Millzner, Dr. John H. Flint, fire chief L. T. Mersereau and Cavalli were asked to contact the Marin Municipal Water District to find out if the district would be willing to share the cost of installing new mains and hydrants.

2. Deferred issuance of a use permit to Fred G. Zelinsky for a service station at Mar West Street and Tiburon Highway until after the council has an opportunity to gauge the effect of the new traffic restrictions.

3. Appointed Roger Felton of 201 Bay View Avenue as its representative to the Tiburon Peninsula Coordinating Council and re-appointed William H. Rafter of the Planning Commission as the commission's representative. The coordinating council will meet Aug. 12 to discuss widening of Tiburon Highway from Bel Aire to Trestle Glen and designation of the highway from Trestle Glen to Paradise Drive as a "Scenic Highway."

4. Asked City Mngr. William L. Cavalli to see if the county government will take over city building inspection. Rudy J. Kopfer of 29 Peninsula Road, to whom the job of building inspector had been offered at the regular salary of $125 per month, refused to serve at that salary. The council decided to ask Rey, who had retired from the position effective last Saturday, to resume its duties until permanent arrangements with the county or another individual can be made.

5. Adjourned until Sept. 8.

School Taxes Rise Sharply In Novato

The Novato Unified School District trustees last night adopted a $2,790,154 budget for 1964-65 which calls for a total tax rate estimated at $4.85 per $100 assesed valuation.

The budget is $558,716 more than the $2,231,438 budget of last year. The estimated tax rate is 73 cents more than the $4.12 tax rate of last year.

The trustees awarded a $4,727 contract to Miller's Radio and Supply of Oakland to equip a language laboratory at the Hill Junior High School. This was the lowest of three bidders.

Supt. James Bunker reported the four classrooms and library at Hill Junior High school, three classrooms at Olive School and four at Rancho School should be completed by the time school opens in September.

The trustees accepted the resignation of Gerald Brady from the Fifth Grade at Lu Sutton School. It hired Miss Joan Raymond for the first grade at Rancho School.

Tiburon Sanitary Ballot List Gains

Two more persons, bringing the total to eight, have filed to run for the Tiburon Sanitary Board election.

John P. Eichorn, 2440 Paradise Drive, and Fred Mantegani, 879 Tiburon Boulevard, filed under the deadline time, board secretary Robert A. Sterling reported. Sterling, Irving V. Moulin and Joseph A. Johnson are not seeking reelection to the board.

Other candidates competing for the three openings in the Sept. 8 election are Francis J. Ryan, Edward Goliti Jr., Bruce S. Jacobs, Angelo P. Mirata, Jack V. Murray and Victor Banks.

Theft Charge To Be Pressed In Cycle Case

Sausalito police today said they would press vehicle theft charges against a 17-year-old youth who was injured in a motorcycle-auto crash Saturday, in spite of the cycle owner's efforts to drop the charges.

Police Chief Kenneth H. Huck said Vincent B. Melovich, 17, of 404 Pine Street, Sausalito, would be cited to probation officers after his release from Marin General Hospital.

He was reported in good condition today, suffering from a broken right knee, concussion and multiple cuts.

Owner of the motorcycle, Timothy Powell of 417 Turney Street, Sausalito, also a Tamalpais student, said yesterday he had known Melovich was tuning up his cycle, even though he had not asked him to do so, at a Sausalito service station.

Later, Melovich and Ira Lewis Edwards, 18, of 135 Drake Avenue, Marin City, went for a ride. On Monte Mar Drive, they collided with a car driven by Frederick J. Hass, 56, of 70 Curry Avenue, Sausalito.

Hass was cited by police for driving on the wrong side of the road.

Powell said yesterday he had gone to the police station to learn details of the accident, but had not intended to make a stolen vehicle report. Huck, however, said the department considered his remarks as such a report.

Novato Man Injured As Car Runs Into Pole

Patrick Robert Riordan, 22, of 1695 Indian Valley Road, Novato, was in good condition today at Novato General Hospital with a broken right shoulder after the car he was driving Sunday night hit a power pole.

Riordan, according to the California Highway Patrol, was driving south on Indian Valley Road near Chamberlain Avenue when his car went off the road on a curve and hit the power pole at 11:55 p.m.

Corte Madera Town Building Delay Seen

The prospects for a long delay in the construction of a public safety building were raised last night before the Corte Madera Town Council.

Town Mgr. Arthur H. Brandow reported to the council that the counter offer of the Del Mahood family for purchase of its property at Pixley and Tamalpais avenues was about $10,000 more than the appraisal furnished the town.

The town had the property appraised at $26,500. Brandow said he would have the property appraised again.

The alternative to successful negotiations is condemnation of the property which would take a long time, Brandow said.

The council took no action on agreeing to let the Assn. of Bay Area Governments act as a review agency for filling in the Corte Madera shoreline fronting on San Francisco Bay.

The matter was suggested for inclusion on the agenda of the Marin County Council of Mayors.

The Corte Madera Town Council also:

1. Approved hiring Katy and Paul Steinmetz of San Rafael to do the landscaping for the public safety building for $500.

2. After hearing the opinion of Town Atty. Sherrod Davis, reinstated sick leave and vacation credits to police officer Charles Newman who suffered a heart attack while on the job.

3. Denied the appeal of Frank Roberts against a planning commission ruling that he be denied lot splits in Mariner Green because no one was present at the meeting to represent Roberts.

4. Referred to the finance committee the suggestion that a "bedroom tax" be levied on all new construction of homes to pay for park and recreation facilities.

5. Decided to wait for completion of the public safety building rather than buy a used base radio station for the fire department for $400.

6. Referred to the police committee the parking situation on Summit Drive between Morningside Drive and Monte Vista.

7. Received letters of resignation from Jennings W. Smith from the planning commission and from Mason Feudner of the park and recreation commission.

8. Approved the request of Brandow to attend a public management development program at the University of California for $150 for nine full day sessions.

The 1960 census showed that more than half the women 65 and over were widows but only a fifth of the men in that age group were widowers.

Bay School Tax Hike On The Way

A $73,731 budget for 1964-65 was adopted last night by the trustees of the Tomales Bay Union School District after a public hearing.

This calls for a tax increase of eight cents from $1.22 to $1.30 per $100 assessed valuation, according to Mrs. Lois Parks, clerk of the board. This does not include the bond requirement tax.

The board signed an interdistrict agreement to take the fifth, sixth, seventh and eighth grade students from the Bloomfield School District next year, Mrs. Parks said.

In the past the district has taken only the seventh and eighth grade students. This will increase the enrollment by 10 students next year, she said.

Library Burglars Pilfer Cash Boxes In Two Cities

Burglars, more interested in money than reading, took more than $400 from the San Anselmo and San Rafael city libraries last night.

The largest loss was at the San Anselmo City Library where $358.29 was taken from the checking stand in the adult section and from a desk in the children's section.

San Anselmo police reported that someone pried open an unlocked window on the Tunstead Avenue side of the building, leading into the women's room, sometime between 9:25 p.m. yesterday and 7:50 a.m. today.

Police said a screwdriver was found on the checking stand this morning when the library opened. Desk drawers were pried open, but there was no general vandalism, police said.

The stolen money consisted of petty cash, deposit money and fines.

The San Rafael library reported that $11 in petty cash was taken from the librarian's desk and an undetermined amount of 25-cent coins was taken from the duplicating machine.

Police said that someone entered through an open window on the north side of the building between 9 p.m. yesterday and 4 a.m. today.

Doors to the storeroom and book receiving rooms were pried open, and desk drawers searched, police said.

The burglary was discovered by custodian Frederick H. Cooper at 4:05 a.m.

2500 BRIDGEWAY AT SAUSALITO!

OCTOGENARIAN VICTORY

Lyman U. Frain Sr., 80, is greeted by Golden Gate Bridge officials and his son, Donald Frain of San Jose, yesterday, as the elder Frain completed an 86-day bicycle trip from New York's Times Square to as close to San Francisco as he could get (bridge authorities wouldn't let him pedal across the span). "I just wanted to prove an old guy has something left . . . I figured to make it a little faster, but I was bucking those west winds all the way." He made the 3,244-mile trip on a French 12-speed bike. (AP Wirephoto)

County Planners Rescind, Reaffirm Plans Approval

The Marin County Planning Commission yesterday again voted to approve the grading plans for a Novato subdivision, after learning that their action to two weeks ago was probably illegal.

The matter was raised by Commissioner Eugene R. Trombley, who opposed the plans in the first place, saying that a second vote on the matter, taken at the July 20 meeting, should never have been held.

The plans at that time were turned down, 3-2 with Commissioner Edward K. Wachsman absent and chairman Niels Schultz abstaining to avoid a tie vote.

Just then Wachsman walked into the room and engineer Carlos E. Gonzalez jumped up and asked for a new vote. Schultz agreed and the plans were passed, 4-3. Yesterday Trombley asked whether Schultz had had the authority to call for the new vote.

Asst. County Counsel Richard V. Godino said that according to Robert's Rules of Order, he did not, and that the first vote was final. Commissioner William F. Upton, who had voted with Trombley, said that although he knew his side would lose in a new vote, the thing ought to be straightened out.

A motion was made to rescind the previous action, whatever it was, and it passed, 4-2, with Commissioner Felix M. Warburg absent. Then the grading plans were approved, by the same vote.

The project, Pleasant Valley Unit 4, had been opposed by the planning staff, which claimed the cuts would leave high banks along roads. Trombley asked the commissioners to take a look at the area while work is underway.

The Marin County Planning Commission Also:

1. Approved plans by Murray Baxter for construction of an addition to a warehouse at 718 Francisco Boulevard, near San Rafael.

2. Approved for 10 years an adjustment allowing C. V. Lyons to build an optometrist's office near his home in Marshall.

3. Approved plans for an addition to an apartment house at 226-238 Merrydale Road, Rafael Meadows, requested by Barossi and Joslin.

4. Approved a use permit for Phyllis Hansen to operate a preschool child care center weekdays at 3700 Paradise Drive, Tiburon, but said the matter would be reviewed in five years.

5. Approved grading plans for the Eichler Homes development at Harbor Point, for only a part of the proposed subdivision. Warburg cast the lone vote in opposition, objecting to deep road cuts.

6. Recommended a zoning change from single family residents to multiple with parking restrictions for the rear portion of the property of Ruth Neill at 1109 Sir Francis Drake Boulevard, Kentfield, but left the front part as multiple without parking restrictions. However, multiple property owners along the street were warned that parking restrictions may be imposed after approval of the Kentfield master plan.

7. Approved use of a ranch hands' dwelling as an art studio for two years at 200 Miller Creek Road, Marinwood.

8. Agreed to a proposed overruling by the board of supervisors that lower Wharf Road in Bolinas should be zoned for single family residences, but reaffirmed its stand that the foot of Brighton Avenue in Bolinas should not have commercial zoning.

Commissioner Warburg was absent in the afternoon.

Money Jug Missing After Painters Leave

Sheriff's deputies today sought to question several painters and rug installers who had been in a Kentfield home before a jug containing $200 was stolen last week.

Rita F. Perelli-Minetti of 31 Behrens Drive said the jug, containing vacation money had been left in a shower stall while painting and renovation was underway. It disappeared Thursday, she told deputies.

Synanon Needs Permit To Use Marconi Land

Synanon Foundation will need a county use permit before it may begin operations in the Marconi buildings in Marshall, County Planning Director B. D. Dobbs said yesterday.

The property has been operated with slightly similar uses in the past, Dobbs said, but never for narcotics addicts. In any case, both previous use permits have expired, he said.

The first use permit was for a sanitarium, the planner said. In that permit, the treatment of drug addicts was specifically excluded, although the exclusion had less to do with the welfare of the community, as such, than with complications of operating for both addicts and non-addicts.

The second permit was for what amounted to a convalescent hospital, but was for three years only. It has since expired.

Under the use permit procedure of the county, the county planning commission and later the board of supervisors must find that there will be no adverse effect by the use on the neighborhood.

The foundation is purchasing this land from Dr. Carlos Fernandez of Richmond for $175,000.

An El Paso, Tex., collector of complete sets of National Geographic magazines has bound his set in such rare materials as mink, original paintings and Pancho Villa's saddle blanket.

John Miskimen Appointed To San Rafael Plans Body

John A. Miskimen of 4 Anchorage Court, Terra Linda, was named to the San Rafael Planning Commission last night.

Miskimen, 32, was appointed by the city council to fill the vacancy left by Orlando Conti who resigned in June.

Before making their choice, councilmen grappled with the dilemma of having too many candidates to pick from. At least seven men were mentioned at one time or another and four of them were still in serious contention for the job last night.

"We have never been confronted with this before," observed Mayor John F. McInnis. "Each man is eminently qualified," added Dr. Charles W. Aby.

Finally, Councilman Harry A. Barbier took the bull by the horns and nominated Miskimen. Councilman Fred Jensen quickly seconded the motion and the council approved his appointment unanimously.

Miskimen is a security analyst and stockbroker for Irving Lundborg and Co., San Francisco. He is a native of Seattle, having lived in the Bay Area eight years and in San Rafael three years.

He and his wife, Marilyn, have two daughters and a son.

Shortly after naming Miskimen, the council formally was introduced to George H. Rodgers, who had assumed his new job as city planning director in the morning.

McInnis told Rodgers he hopes to have Daniel P. Coleman, who served as acting planner since the early part of this year, stay on with the city long enough to aid Rodgers in getting the feel of his new post.

Senator Authors 'War On Poverty'

WASHINGTON (AP) — In a book published today with President Lyndon B. Johnson's endorsement, Sen. Hubert H. Humphrey, writes that America faces one of its greatest challenges in lifting 35 million citizens out of poverty.

The book, "War on Poverty," is the first written by the Minnesota senator, considered a leading possibility for the Democratic vice presidential nomination.

Among other proposals Humphrey suggests a domestic investment bank to make the kind of massive investment needed to rehabilitate the nation's depressed communities.

San Rafael Withholds Nod On Elderly Housing Plans

San Rafael city councilmen last night declined to give their blessing to a possible future plan for senior citizens low rent housing until they could get legal assurance it would not block any similar city-sponsored project.

Request came from members of the Citizens Committee for Housing of Marin Elderly (HOME), sponsors of a Nov. 3 ballot measure which will ask county voters to approve the federally aided construction of 200 low-rent units by the Marin Housing Authority.

Of these, 50 units would be in San Rafael. But they could not be built without the city's approval.

The council's hesitation to give such approval was explained by Mayor John F. McInnis, who recalled that a council committee has been working for several months to work out a city plan for senior citizens' housing which would not involve any federal funds.

McInnis said he feared "it would only serve to confuse our own people sadly" if the HOME plan were approved in November, then the city began to discuss its own plan shortly afterwards.

Later, City Attorney David Menary told councilmen he believed the city would be able to halt expansion of the housing authority operation at the time it wished to start a municipal project.

On hearing this, Councilman Charles W. Aby, chairman of the council's committee to set up a city housing plan, moved to approve the HOME proposal. But the motion died after McInnis said he wished to have Menary bring back a "certain legal opinion" backing up his earlier statement. The matter will come up again Aug. 17.

Later, Dr. Aby urged a special meeting to discuss the city's using a parcel across from the San Rafael Recreation Center at 37 Union Street for a city-owned project.

Councilmen Louis H. Baar said he felt other spots in the city might be more desirable.

County Soon To Open Classrooms For Retarded At Former Hospital

Two classrooms for trainable mentally retarded students will be operating at the former county hospital in Lucas Valley when the school year starts next month.

The Marin County Board of Education heard a report last night from Stanley H. Friese, assistant superintendent, educational services, that renovations will be completed in time for school opening.

Renovation will cost an estimated $2,500 to $3,000 and will provide classroom space for 24 pupils, Friese said.

Mrs. Edith Kanoff, chairman of the board's Special Education Committee, said the county hospital site is satisfactory on a temporary basis for "about two years."

An earlier proposal to establish a class for the mentally retarded at 1854 Indian Valley Road, Novato, was abandoned after it met protests from neighbors.

The board also approved a plan to establish a Science Materials Production Center at the Louise A. Boyd Natural Science Museum in San Rafael.

They agreed to sublease a portion of the museum for one year at a cost of $1.

The center will prepare, manufacture and produce educational aids and exhibits including dioramas, film strips, photographs, slides and study prints," Friese reported.

Organizations such as the Audubon Society and the Marin Rod and Gun Club have expressed interest in such an operation, Friese said.

The board started its meeting by viewing "The Battle of Newburg," a one-hour film about welfare problems in the New York town along the Hudson River. The documentary film was first shown on television as an NBC "White Paper," narrated by Chet Huntley.

After viewing the film, the board approved the use of the film in schools, preferably for upper grades in high school.

George Mathews, social studies teacher at Terra Linda High School, said he felt the film would be valuable in the Terra Linda area "where the whole problem is foreign to the children."

The board also agreed to a change in boundaries between the Tomales Joint Union High School District and Analy Union High School District of Sonoma County to include the area of the old Potter School District in the Analy District.

The Marin County Board of Education also:

1. Approved the appointment of Robert Collins of Oakland, formerly audio-visual materials specialist with the Berkeley Unified School District, as publication technician-graphic artist at a salary of $7,500 a year.

2. Approved the appointment of Ralph Leeder as teacher-in-charge at Marindale School with an additional compensation of $750 for the job.

3. Passed a resolution urging county supervisors that the position of accounts-auditor, open because of the resignation of Leslie Simmonds, be retained under the superintendent of schools office rather than become a part of the auditor-controller's staff.

4. Approved a one-month leave of absence for Mrs. Ruth Wilson, a secretary, who is recuperating from minor surgery.

5. Approved life diplomas for Lois Ann Malone and Joan Terese Tibbets of the Dixie School District, Margaret Blackstone Neubauer and Wilma Carolyn Thomas of Tamalpais Union High School District, and Donald Louis Robinson of Novato Unified School District.

6. Set the next board meeting for Sept. 8 because the next regularly scheduled meeting date would have been Sept. 7, a holiday.

Board member Patrick Pollock was absent.

Market Suffers A Severe Jolt

NEW YORK (AP) — The stock market jolted to a severe loss today with prices down sharply at the close.

Trading quickened as losses snowballed.

Many key stocks went down more than a point. IBM was off about 13 points and Xerox more than 3.

At 2 p.m. EST, the Dow Jones Industrial average was off 7.63 at 832.72.

Autos and steels spearheaded the downtrend and weakness spread throughout most of the list.

General Motors was a 2-point loser. U.S. Steel dropped a point.

Down more than a point were such stocks as Chrysler, General Dynamics, American Airlines, Jones and Laughlin and Jersey Standard.

Volume for the day was estimated at 4.3 million shares compared with 3.8 million yesterday.

Losses of fractions to a point or more prevailed among key stocks.

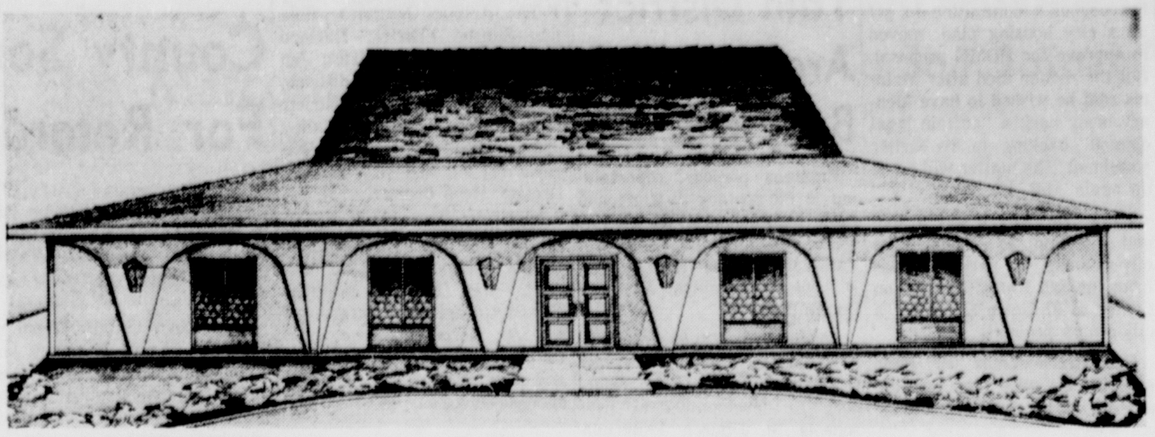

Higher-priced or specially situated issues took wider losses. Max Factor fell more than 5 points as a proposed merger with American Cyanamid was called off. American Cyanamid rose a point. IBM fell more than 8, Polaroid and Xerox more than 2 each.

Motors, bothered by the situation in the auto labor negotiations, headed the downturn along with steels. General Motors fell more than a point, Ford a point, Chrysler a fraction.

U. S. Steel, Republic Steel and Jones and Laughlin declined nearly a point each, Bethlehem a fraction.

Olin Mathieson was down close to a point.

Losses of about 2 were shown by Chicago and North Western, Gulf, Mobile and Ohio and Whirlpool.

City Mgr. Ronald E. Piper said today that Tiscornia had completed the job satisfactorily.

San Rafael Council Rejects Subdivision

The San Rafael City Council went one step farther last night in emphasizing its objection to the use of one portion of the city's east tidelands area as long as sewer, water and drainage facilities are not available.

It passed a resolution which in effect overruled the planning commission's approval last week of a five acre subdivision in the area by Marin Canalways and Development Co.

City Attorney David Menary Jr. read the council a long legal document in which attorney Samuel W. Gardiner, an associate in the development firm, agreed not to develop the tidelands area until such facilities are put in.

But councilmen, who two weeks ago ordered the planning commission and all city aides not to issue any more building permits there, were not satisfied.

After much discussion, they passed a resolution stating that there would be no new subdivisions in the quarter-mile stretch near the Marin Rod and Gun Club.

Planning commission approval of the Marin Canalways request had been made subject to Menary's technical approval of the legal document.

Contract for four half-ton pick-up trucks and a heavy duty truck chassis and cab were awarded to Ames Ford Sales of 619 Francisco Boulevard, lowest of five bidders.

Ames' bid for the pick-up trucks was $6,540.06, and for the chassis and cab was $2,769.15.

Contract to buy a set-hydraulic hoist and dump body went to Earl Sherman and Co. of Oakland, one of four bidders, which submitted a price of $1,075.36.

The San Rafael City Council Also:

1. Voted 3-2 to go on record as not opposing United Ambulance Co.'s application to the Public Utilities Commission for a new radio telephone utility system. Councilman Charles W. Aby, who voted no along with Councilman Harry A. Barbier, complained "I don't know whether I am opposed or not," without hearing more details of the proposed system. No one was present from the ambulance firm.

2. Extended the completion date of phase two of the Northgate Industrial Park to Jan. 1, 1965, which contractor Mario M. Ghilotti said in a letter had been delayed "because of factors beyond our control."

3. Signed an agreement for pole risers for traffic lights at Manuel T. Freitas Parkway and Del Presidio Boulevard.

4. Called for bid on construction of restroom and storage facilities at Victor Jones Park. Bids will be opened at 2 p.m. Aug. 17.

5. Upheld the planning commission in requiring sidewalks on the uphill side of Maple Drive in spite of a request by Marin Master Builders to eliminate them in plans for Twelveoak Hill subdivision units one and two.

6. Passed a resolution requested by the Redwood Empire Assn. called for feasibility studies on a second bridge from Marin County to San Francisco.

7. Hired Jesse Coffman as a maintenance man at a monthly salary of $410.

8. Gave permission for building inspector Modesto Lamperti to accumulate more than 18 days vacation time.

Librarians Seek Sausalito Post, List Still Open

About 12 applications for head librarian of the Sausalito Public Library have been submitted to date, and more are welcome, Mrs. James J. Carroll, library board president, said today.

Aug. 1 had been set as the closing date for applications, but the board will be happy to accept applications from late comers, she said.

Applications are being received through the American Library Assn. Convention, St. Louis. A master's degree in library science and some public library experience are required.

Mrs. Carroll said applications probably will undergo a professional review, then the board will study them. No date for a recommendation has been set yet.

Mrs. Cynthia Barbour Wilcox, head librarian, resigned effective Aug. 1 to take a job as librarian in charge of school programming for Solano County Schools.

Four-Cent Trim In Tiburon's Sanitary Tax

The tax rate of the Tiburon Sanitary District will drop four cents for the present fiscal year.

A final tally of the budget shows the rate set at a total of 64 cents per $100 assessed valuation, which includes 57 cents for operating expenses and seven cents for bond redemption. The total tax for the past fiscal year was 68 cents.

District directors at their meeting last night noted that the final budget will be $34,873.98 for the present fiscal year, Robert A. Sterling, district secretary, reported today.

Of the total, $31,000 will be for operating expenses of the district and the remainder will be for bond redemption.

Funds on hand July 31 total $23,482 for operating expenses, $27,660 in the reserve-construction fund, and $50,000 on time deposit, earning interest, district auditor George Bitter reported today.

The reserve and time deposit funds are built up in order to provide monies for large district projects without floating bond issues, Bitter said.

Loma Verde Owners Seem To Favor Annex To Novato

What started out as a clash over literature distributed on the Loma Verde annexation, turned out to be a friendly discussion last night at the Loma Verde School.

Approximately 125 people attended the meeting of the Loma Verde Homeowners Assn. at which Novato city officials answered questions on the annexation of Loma Verde and Ignacio to the city of Novato.

Those attending for the city of Novato were Mayor Robert D. Carrow; William R. Zion, who prepared the annexation report; City Administrator J. Julien Baget; Police Chief Robert Di Grazia; Robert Lagle, head of the planning department and Lawrence A. Coleman, head of public works department.

Throughout the three and a half hour discussion, it was apparent that more applause greeted the proponents of annexation that those opposed.

The main objective of the opponent's wrath was a letter distributed with the copies of the William R. Zion feasibility report last Saturday which was signed by C. J. Lowney of 400 Calle de La Mesa. This letter referred to the organized opposition to the annexation as "anti annexation anarchy."

John E. Frederick, president of the association, called some of the cirticism by telling the group that the homeowners group would distribute any literature which it was requested to, whether it favored or was against annexation.

He also named two members of the group opposing annexation, Mrs. Gordon Berg of 218 Calle de La Selva and Paul T. Gallagher of 1055 Calle Empinado, to the anne xation committee of the homeowners.

Zion, government research consultant of Lafayette, who prepared the $300 feasibility report for the City of Novato, gave a summary saying that the area would get better police protection, a recreation program and improved street maintenance and sweeping, if it annexed to the city. It would cost the homeowners about $7.50 more per year for taxes if they annexed, he said.

Many questions were asked about the Novato city recreation program. Lagle, head of the city planning department, said recreation would extend to the Loma Verde School if the area annexed.

"Would the condition of the streets in Loma Verde be the same as some of the streets in Novato?" asked Mrs. James Swenson of 424 Alameda de La Loma. She referred specifically to Center Road and South Novato Boulevard.

"Novato inherited those road conditions from the county. We have a plan of improvement for them. This year, we are spending $490,000 in capital improvement program to improve the streets," answered Coleman.

Defendant Wins In Lawsuit Over Toddler's Death

A ruling in favor of defendant Eugene Lackenbach of San Rafael was returned yesterday by a Marin Superior Court jury in a $25,000 damage suit over death of a 2-year-old boy two years ago.

The 9-3 verdict was reached by the jury in four and one-half hours deliberation.

Plaintiffs Leonard John Steers and his wife, Wilhemina, of Saratoga, sought the damages in the May 25, 1962, traffic death of their son, Robert Marc. The family resided in San Rafael at the time.

A witness said the youth had lain down on the sidewalk in the 900 block of Lincoln Avenue when a car driven by Lackenback, then owner of Eugene's Restaurant, turned into a driveway and struck the boy. Lackenback did not see him, the defense contended.

Tam Budget Adopted, May Give Break To Taxpayers

A three-cent drop in the general fund tax rate was seen last night for Tamalpais Union High School District after trustees adopted a $6,029,205 budget for fiscal 1964-65.

The cut from $1.90 to $1.87 per $100 assessed valuation is made possible by a "surprising" 16 per cent jump in assessed value of the district, according to District Business Manager Frank Cassou.

A tax rate cut does not necessaryily mean tax payments will go down, especially where property owners have had marked increases in assessment.

The budget is $48,491.46 above last year's total.

Total revenue was set at $4,763,221 with beginning reserve balance of $1,265,984.

Cassou explained that the district would spend $961,620 from its reserve fund, over expected revenue, to meet the new budget.

Trustee John C. Siemens expressed concern that the district would be in financial trouble next year by depleating this year's reserves.

"The tax base is here," said Cassou after the meeting. "So we are not worried."

He added that the district expected a reduction in capital outlay the following year saving some reserve. In addition it would borrow funds from the county.

Police Seeking 'Desperadoes'

Larkspur police today were seeking a cowpoke who came in off the range Sunday night and commenced to "shoot up the town."

The shots, which were heard at about 11:30 p.m. by Police Chief Howard Clark and residents, seemed to be directed in a south-north direction along Magnolia Avenue.

Clark said the loud bangs were "too regular and exacting" to be firecrackers.

Police were operating under the theory today that the culprits were driving a car and not riding horses.

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. What to do until an emergency happens

Emergencies have practically no sense of fair play. And almost always pick the worst possible time to happen.

People seem to prefer the day your insurance lapses to trip on your sidewalk, for example.

And the car usually waits until your bank account registers empty before demanding expensive repairs.

There's no fighting it. But you *can* be ready. By tucking away some reserve funds in Savings Bonds.

Bonds, themselves, are emergency proof. You can't lose the money you invest in them, even if fire, flood, robbers or plain carelessness causes you to lose the Bonds.

And when something expensive happens, you can just take them in to any bank and get yourself solvent again.

In the meantime, Uncle Sam uses your Bond dollars to handle other urgent matters, like taking care of your freedom.

Buy Bonds where you bank or on the Payroll Savings Plan where you work. Get yourself really prepared and you might even discourage a few emergencies from ever happening.

Quick facts about Series E Savings Bonds

- You get back $4 for every $3 at maturity (7¾ years)
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You pay no state or local tax and can defer payment of federal tax until the Bonds are cashed

New York Leads The Opposition

NEW YORK (AP)—The New York State Athletic Commission formally stated its opposition to a return bout between Cassius Clay and Sonny Liston for the world heavyweight championship today and urged that serious sanctions be imposed on any state agency approving the match.

The statement was issued after an official commission meeting.

The commission said its ruling was based "not only on the character of the manipulations attending the bout at Miami, but for the reason that Liston was interested in the promoting corporation which had planned to promote the return bout."

In addition, the commission said such a return bout contract "violates the spirit and the word of the resolutions and directives agreed upon by all boxing agencies, including the World Boxing Association."

Clay won the title from Liston on a technical knockout Feb. 25 at Miami Beach when Liston failed to come out for the seventh round, claiming an arm injury.

The bout was promoted by Inter-Continental Promotions, Inc. in which Liston has an interest. It was later disclosed that Inter-Continental had paid Clay $50,000 for the right to promote his first fight as champion. A Senate investigating subcommittee devoted several days to hearings on various aspects of the bout.

Bill Faversham, Clay's manager, disclosed July 28 that Clay and Liston had signed an agreement for a return bout this year. He indicated it would be promoted by Inter-Continental but that Liston had disposed of his stock on the company.

The New York commission quoted a WBA resolution prohibiting return bouts and said. "We trust that the WBA . . . will honorably and steadfastly support its resolution, which not only prohibits any return bout contract but provides sanctions and discipline of a most serious nature."

Ed Lassman, president of the WBA, said last week his organization would take up the issue of the second Liston-Clay fight at its convention at Norfolk, Va., Aug. 26-30.

The WBA resolution requires the automatic suspension of any commission approving any such prohibited championship return bout and upon any boxer, manager or promoter participating in such bout.

It also calls for the permanent suspension of any boxer, manager, promoter or other licensee who participates in any bout at any time after the suspension within the suspended jurisdiction.

Giants Lead League In Injuries; And The Outlook Gets Gloomier

Jack Hanley

PITTSBURGH — Injuries seem to have struck everyone in sight this season but no team has been hit harder than the Giants. As in past years, the pennant will be won or lost in sick bay.

The Dodgers lost the flag in 1962 when they lost Sandy Koufax that season. The loss of Jack Sanford by the Giants this year now is beginning to have its effect on the Giant pitching staff. But Sanford's loss is minor compared to the treatened loss of the team's ace, Juan Marichal, who is nursing an aching back.

Whan Juan missed his starting turn last night against the Pirates, Giant pennant hopes turned to despair. Without Marichal, Giant pennant chances would be less than those of the Dodgers in '62 without Koufax.

The list of Giant injuries began two weeks after the season opened when Orlando Cepeda was sidelined from April 27 to May 7 with fluid on the right knee and atrophied right thigh muscles. Last weekend the Bull's right shoulder popped in Philadelphia and he missed two key games.

JIM DUFFALO cracked a rib in Candlestick May 18 and was on the disabled list until June 20. Then, Matty Alou's left wrist was broken by one of Bob Veale's fast balls and the Mouse was out from June 2 to July 8.

Jose Pagan became the next victim—a pulled left side muscle and rib cartilage damage that put the shortstop out of action from May 28 to June 7. As soon as Pagan came off the injured list, Jim Ray Hart took his place on it—a pulled left shoulder muscle that incapacitated the rookies from June 18 to June 23.

BILLY O'DELL'S neck vertebrae have been slightly out of alignment since the season started and the southpaw hasn't pitched once this year with the kind of confidence he displayed last year when he won 14 or in 1962 when he won 19.

The outlook at the moment for the Giants couldn't be gloomier as the 1964 National League race enters the final two months of the campaign. However, the picture could change overnight if Marichal's aching back responds to Doc Bowerman's treatments and Willie Mays takes off on his customary August streak.

In the first month of the season, Marichal and Mays kept the Giants together with Bob Shaw backing up the rest of the pitching staff. They could do it again —if.

BUT THE Giants aren't the only team to be plagued by injuries this year. Everyone has had them. The Dodgers lost Johnny Podres and John Roseboro for long periods. The Phillies lost Danny Cater who broke his left arm a few weeks ago. The Cardinals put Ray Washburn on the disabled list a week ago. The list goes on and on.

Despite their injuries, the Giants would be comfortable out in front now if they had beaten the Mets and Colts the way the Phillies have handled those tailenders, 16-4 in contrast to the Giant record of 12-11 against the two also-ran clubs.

Alvin Is Eating His Words

NEW YORK (AP)—San Francisco Manager Alvin Dark must be just about ready to trade in his crystal ball.

Early in the season, after his club had dropped a doubleheader to Pittsburgh, Dark virtually wrote off the Pirates as pennant contenders. He said their batting attack wasn't consistent enough.

But the Pirates have gone on to win seven of their 13 games with the Giants thus far, the last victory being a 3-2, come-from-behind triumph last night.

The defeat knocked the second place Giants two games off the pace set by league leading Philadelphia, whose game with Los Angeles was called because of wet grounds.

And who's in third, just 2½ games behind San Francisco? It's those pesky Pirates, of course.

The Giants send Gaylord Perry, 7-8, against the New York Mets and Tracy Stallard, 6-14, tonight in the opener of a two-game series.

The basement - dwelling Mets, known as the comic team of the National League, haven't given the Giants many chuckles this season. San Francisco has only been able to break even with New York in their 12 games to date.

And two of those victories were achieved only after marathon battles of 15 and 23 innings.

Rookie John Pregenzer, whose 1964 debut as a reliever with the Giants Sunday was a winning one, was less lucky in his second appearance last night.

Pregenzer gave up a ninth - inning single to Bob Bailey that chased home Bill Mazeroski with the winning run.

The Giants had held a 2-0 lead going into the eighth. They got one in the fifth on Jose Pagan's bunt, a throwing error and the first of Duke Snider's three singles.

They added their only other run in the sixth on Tom Haller's double, an infield grounder that advanced Haller to third and Pagan's sacrifice fly.

Right-hander Bob Bolin, w started for the Giants in place of ailing Juan Marichal, was breezing along with a five - hit shutout when the Pirates erupted for two runs after one out.

Ex-Giant Manny Mota started Pittsburgh rolling with a pinch-hit double. Bailey tripled into deep right field to score Mota, then romped home on Bill Virdon's following single.

Billy O'Dell, appearing for the third time in the four-game series, replaced Bolin and pitched out of trouble in the eighth. But he drew the loss by yielding singles to Mazeroski and Dick Schofield before Pregenzer came on the scene.

MARIN PONIES WIN DISTRICT TOURNEY

The Central Marin Pony League All-Stars cut off a last inning rally by Petaluma last night to win the championship game of the district tournament, 4-2, on the losers' field.

With the victory, the Marin lads advanced to the sectional tourney which starts tomorrow in Ukiah. First opponent for Marin will be the All-Star delegation from Lakeport, Lake County, 6 p.m. tomorrow. The other two teams in the tourney, Ukiah and Redding, will vie after Marin's contest.

Jim Peters went all the way on the mound for Marin and had a 4-0 shut out going until the last inning. But Petaluma spoiled that with a two-run rally in the bottom of the seventh that fell short. Peters allowed six hits and struck out eight.

Three of the hits off Peters came in the first inning, but Petaluma failed to score, thanks to some good defensive play by the Marin team.

Ken Johnson led the Central Marin attack with a tremendous home run and two singles in four trips to the plate. His homer came in the top of the seventh with the bases empty, and sailed more than 20 feet over the left field fence.

Herb Rowland, Barry Ott and Keith Valk each had two hits to account for the other six Marin hits. Petaluma pitcher Joe Mayer struck out 14 while allowing nine hits.

The Pony League is for 13 and 14-year-olds. The Central Marin team includes boys from Larkspur, Corte Madera, Ross, Kentfield and Greenbrae.

Winner of the double-elimination tourney in Ukiah will advance to the regionals scheduled next week in Springville, Utah. After that, the championship team will move on to the divisional tourney scheduled for San Diego.

Marin won the district tourney with its back to the wall. After losing the first game of the double-elimination tourney, it took four straight victories to win the title.

Marin lost the opener to Petaluma 3-1, and then proceeded to beat Redwood Empire 9-2, Sebastapol 2-1, and avenged the opening game loss with a 6-5 triumph over Petaluma.

But in the finals, it was more than revenge as the Marin youngsters again downed the Petalumans in their third meeting of the tourney.

Was A Grand Day For Comebacks

GASTONIA, N.C. (AP)—On the afternoon Ken Venturi won the 1964 U.S. Open Golf Championship, Walker Cup player Charlie Smith was playing his home course at the Gaston Country Club.

Smith had failed to qualify for the open in sectional trials, so he hooked up in a match with three friends.

When he finished, Charlie owned a course record, 32-29—61, breaking his old mark by one and knocking 11 shots off par. He had two eagles and seven birdies.

30 TO 1 SHOT AT START, PIRATES NOW GOOD BET

By U.P. INTERNATIONAL

That ominous sound heard in the National League today is the "secret contender" coming out into the open.

And, lo and behold, it's those long-forgotten and under-rated Pittsburgh Pirates who a year ago were able to finish ahead of only the Houston Colts and New York Mets in the final N.L. standings.

The Pirates were 30-1 shots when the 1964 season started but today they've moved into third place only 4 games from first and since that date they've posted a 10-3 record while the Philadelphia Phillies were 8-6, the Milwaukee Braves 7-6, the Cincinnati Reds 8-8 and the San Francisco Giants 6-8.

The Pirates continued their steady drive toward the top last night when they rallied in the eighth and ninth innings to score a 3-2 victory over the Giants. It was a typical Pittsburgh win with strong pitching dominating the opposition until the Pirates strung together enough hits to pull out the decision.

Bob Bolin had shut out the Pirates for seven innings but in the eighth they suddenly tied the score on Manny Mota's double, a triple by Bob Bailey and Bill Virdon's single. The Pirates won it in the ninth on singles by Bill Mazeroski, Dick Schofield and Bailey with the winning hit coming off relief pitcher John Pregenzer, who had beaten the Pirates 24 hours earlier.

LAW IMPRESSES

Al McBean, who pitched a scoreless ninth inning, received credit for his fourth win without a loss this season but more important to the Pirates' pennant chances were the six capable innings turned in by starter Vern Law. Law, who has had a sore arm for the last three seasons, gave up seven hits and two runs. He was a 20-game winner when the Pirates won their last pennant in 1960.

The Los Angeles Dodgers went from seventh place in 1958 to a flag in 1959 but no team ever has gone from eigth one year to a pennant the next.

The Baltimore Orioles defeated the Los Angeles Angels 7-0 and the Cleveland Indians downed the Washington Senators 4-2 in the only other major league games of day or night. Los Angeles at Philadelphia was rained out.

ORIOLES GAIN

The Orioles moved to within one percentage point of the idle first-place New York Yankees when Milt Pappas pitched an eight-hitter for his third shutout of the season against the Angels. Pappas was backed by a 13-hit attack that included three hits by Dick Brown and two each by Brooks Robinson and Sam Bowens. Bo Belinsky suffered his seventh loss against nine victories.

Dick Donovan, aided by rookie Luis Tiant's lockup relief in the ninth inning, gained credit for his sixth win for the Indians. The Indians scored the winning run in the fourth inning when Chico Salmon doubled, moved to third on Vic Davalillo's single and tallied on a sacrifice fly by Billy Moran.

Meschery Signs Warrior Contract

SAN FRANCISCO (AP)—Tom Meschery, a starting forward on the San Francisco Warrior team that won the National Basketball Association's western division title last season, signed his 1964-65 contract with the Warriors yesterday.

Meschery, a rugged 6-5, averaged 13.5 points a game last season and had a field goal percentage of 45.8, second only to San Francisco's all-time scoring great Wilt Chamberlain.

Surgery For 2 Top Stars; Season Opens This Week

By DICK COUCH
Associated Press Sports Writer

Buddy Dial, a prize addition to the Dallas Cowboys' yass-receiving corps, rested today after a successful operation but the former Pittsburgh Steelers star will be a big question mark when his new club opens the National Football League season next month.

Dial, acquired from the Steelers last December, underwent surgery in Dallas yesterday to correct a tear in the middle mucle of his right thigh. The Rice alumnus was hurt last week during a workout at the Cowboys' training camp in Thousand Oaks, Calif.

"We are very pleased with the results," said General Manager Tex Schramm. But, according to team doctors, Dial won't be able to run at full speed for about six weeks. The Cowboys and St Louis Cardinals kick off the regular NFL schedule at Dallas Sept. 12.

In California, meanwhile, the Cowboys stepped up preparations for their preseason debut against Los Angeles. Coach Tom Landry announced top ball-carrier Don Perkins would switch from halfback to fullback for the encounter with the Rams.

SURGERY FOR BURFORD

Another pass-catching standout, Chris Burford of the Kansas City Chiefs, underwent a knee operation today in Dallas. The American Football League star had a similar operation two years ago. He injured the knee two weeks ago and will be sidelined for six more weeks. KC Coach Hank Stramm said halfback Abner Haynes will replace Burford at split end in the Chiefs' exhibition opener with the Oakland Raiders Sunday.

Fullback Curtis McClinton, whose left hand was broken in a scrimmage last week, also will miss the Oakland game. He is expected to be available for the next exhibition, against Buffalo Aug. 14.

Al Davis, the Oakland pilot, listed six casualties, including all-AFL linebacker Archie Matsos, who will sit out the Raiders-Chiefs game. Davis said none of the six is seriously hurt.

The NFL champion Chicago Bears, prepping for their Friday night date with the College All-Stars at Chicago, went through stiff offensive and defensive drills after Coach George Halas said scouting reports show the current All-Star squad is stronger than the one which upset Green Bay last year.

PACKER ROOKIES

The Packers, who meet St. Louis Saturday night at New Orleans, examined pictures of the club's first intra-squad game and Coach Vince Lombardi lauded the performances of rookie tackles Steve Wright, Alabama, and John McDowell, St. John's, Minn.

The Cardinals held a 90-minute workout in 95-degree weather, stressing offensive patterns to be employed against the Packers. End Taz Anderson, sidelined for a week witha sprained ankle, returned to duty and Prentice Gautt continued to fill in at left half for the injured John David Crow.

The Baltimore Colts will play their intra-squad charity game, rained out last night, tonight. The Municipal Stadium game is expected to draw 40,000 fans.

Players cut by the pro clubs Monday included:

NATIONAL FOOTBALL LEAGUE

Chicago Bears—Quarterback Dave Mathieson (claimed on wivers by Pittsburgh), defensive back Jim Tullis.

Green Bay Packers — Linebacker Ron Bogouski, quarterback Merv Holland, tackle Jack Peterson, guard Jack Mauro.

Washington Redskins — Halfback Ken Hines, flanker back Overton Williams.

Minnesota Vikings — Guard H. O. Estes.

Los Angeles Rams — Center Bob Tubbs, end Bob Hultz, tackle Ernie Wade.

Philadelphia Eagles — Linebacker Mike Woulfe, end Bob Dickerson, backs Ernie Arizzi and Tony Lombardo.

San Francisco 49ers — Fullback Ollie Ross, center Ollie Cromwell and guard Harold Chambers.

AMERICAN FOOTBALL LEAGUE

Buffalo Bills — End John Bennett.

Kansas City Chiefs — Flanker back Glenn Talbert (left camp).

DAVIS CUP

Aussie Bad Boys Defeat Mexicans

By THE ASSOCIATED PRESS

Roy Emerson and Fred Stolle, tagged with a "bad boy" label by the Australian tennis brass, now are back in favor; solidly, thoroughly and completely back in the good graces.

Winning does it.

The duo swept Mexico's best 4-1 in Davis Cup American Zone semifinals yesterday and have only two more steps to take before meeting the United States in the Challenge Round, climax to the Aussies' drive to recapture the cup they had considered private property until the U.S. upset last year.

Emerson and Stolle, among the players suspended by Australi after they had bolted a tourney there to play abroad, won the final singles matches in Mexico City in straight set yesterday, beating Antonio Palafox and Rafael Osuna.

Stolle, who lost to Osuna in a singles match Saturday, clinched the meet for Australia when he scored a surprisingly easy 6-3, 6-2, 6-4 triumph over Mexican national champion Palafox.

That made the best of five series 3-1 and Emerson's match with Osuna was academic. Emerson won 6-3, 6-4, 11-9.

Australian captain Harry Hopman, who had predicted the 4-1 outcome from the start, expressed satisfaction and said Stolle's performance may have surprised some, but not him.

"I knew that once he had gotten over the nervousness of playing in the Davis Cup for the first time, he'd play the game he's capable of," Hopman said.

Stolle, who teamed with Emerson in the key doubles victory Sunday, jumped off to a quick advantage against Palafox, breaking the Mexican's serve when he double faulted in the second game of the first set.

From that point on, the 6-foot-5 Australian played a calm, determined game and won easily.

The victory puts the Australians into the Aerican Zone finals against Chile, considered a mans into the American Zone fians into the American Zone finals against Chile, considered a much weaker opponent than Mexico. The match is scheduled in Minneapolis Aug. 14-16.

The winner goes against the winner of the Sweden-Philippines interzone match, scheduled in Baastad, Sweden, later this month.

Sweden clinched the European Zone title yesterday when Jan Erik Lundquist, Sweden's top player, beat Pierre Darmon of France 3-6, 7-5, 6-4, 6-1 in the singles match that gave the Swedes an unbeatable 3-1 lead.

Reminder To Hunters: Dove Season Starts Sept. 1 And Runs To Oct. 10

STEVENS

Time is so slippery that the first of September might catch some of the upland game hunters unaware that beginning Sept. 1 and continuing through Oct. 10 the dove season will be in full swing. Especially interesting to all hunters of this hard-to-hit bird is the fact that this year the daily bag limit is twelve and total possession limit twenty-four. A hunter may posses only twelve doves on the first day of the season.

I said the dove is hard to hit. I am convinced all hunters, experts and tyros will agree. When you consider that this bird flies on a cruising speed of around 40 miles an hour and at times hits 60 mph you can understand why the experienced hunters say, "lead your bird the same distance as you would a canvas back duck—but then double your distance."

THE EASIEST form of dove shooting, as with pigeon, is "water-hole" shooting. In dry areas both doves and pigeons hunt out a water-hole usually in the late afternoon. The shooter takes his place, in good cover, fairly close to a water-hole that is known to these birds, and awaits their arrival; this method restricts the hunter to a comparatively short period of time, ranging from 15 minutes to an hour.

Shooting at a water-hole is easier than "walking-up" the birds in stubblefields, cornfields, or "burns." Doves, as a rule, feed in flocks and they are very alert while eating. If they are startled one, two, or three birds will rise. Most successful dove hunters use trained dogs to retrieve the downed birds. The best gun for dove shooting usually starts an argument among experienced hunters, the majority of whom seem to prefer the double-barrel and No. 6 shots.

A METHOD of hunting upland gamebirds by releasing a trained hawk or falcon seems to be gaining in popularity. Recently an ad appeared in a San Franciisco paper offering for sale a hawk, which prompted the California Department of Fish and Game to release a ten-fold warning: you must have a license to hunt with a falcon and be over 16 years of age. Anyone who uses a hawk or falcon for hunting must have a hunting license and abide by all game laws including seasons. It is unlawful to loose a hawk or falcon against any protected non-game bird. Breaking the falconry laws can net a maximum fine of $500—so, don't consider possessing a hawk or falcon without knowing all laws that apply.

49ERS RELEASE THREE MORE ROOKIE PLAYERS

MORAGA, Calif. (AP) — The San Francisco 49ers, bearing down in practice for Sunday's exhibition opener against Cleveland in San Francisco have cut three more rookies off the squad.

Dropped yesterday were fullback Ollie Ross of West Texas State, guard Harold Chambers of Western Kentucky and center Ollie Cromwell of Central Oklahoma State.

Ross was drafted 15th as a future two years ago by the 49ers. He starred in early practice sessions, but fumbled the only two times he carried the ball when the 49ers scrimmaged last Saturday.

Chambers and Cromwell both were free agents.

The cuts left the 49ers with 58 players in training camp, or 18 more than they can carry after final squad cuts on Sept. 8.

Coach Jack Christiansen said he will work on polishing assignments for the next two days. The 49ers won't have any more heavy contact work until they face the Browns at Kezar Stadium.

Brown Line Rated Toughest In East

HIRAM, Ohio (AP)—How does the Cleveland Browns' defensive line rate with those of other teams in the National Football League?

"The material is as good as anything in the Eastern Division," Brown line coach Nick Skorich said yesterday. "I know it's much better than we had with the Eagles last season.

"Philadelphia had a fine tackle in Riley Gunnels. There are several of his caliber here. We not only have quality players but I am pleased with the depth, also."

Skorich, who was head coach of the Eagles last season, feels the Browns' linemen have been a "reading" type of unit and that the change to a "charging" line soon will be completed.

By "reading," he said he meant the defenders try to figure out what the offensive line will do. Studying mannerisms, stance and other similar characteristics involves a certain amount of hesitation.

Bob Gain and Frank Parker have been with the No. 1 unit at tackle with Paul Wiggin and Bill Glass at the ends. Dick Modzelewski plays the left side and Jim Kanicki the right.

Billy Truax, second draft choice from Louisiana State, may join the group when his injured leg heals. He would work at end.

The Browns play the San Francisco 49ers in San Francisco next Sunday.

Four Raider Starters To Miss Exhibition Opener

SANTA ROSA (AP) — The Oakland Raiders will open their exhibition schedule Sunday in Kansas City with only 7 of 11 regulars in uniform.

Coach Al Davis said yesterday that six players — including the four starters — will sit out the game with the Chiefs because of injuries.

Middle-linebacker Archie Matsos, an All-American Football League pick last season, is nursing a groin injury, while the others have various leg ailments.

They are linebacker Jackie Simpson and end Jan Barrett, both starters last season, and offensive guard Ken Rice, acquired from the Buffalo Bills and expected to be a starter. Filling out the injury list are rookie defensive back Loran Hunt and offensive back Lloyd Winston, an ex-San Francisco 49er given an excellent chance of making the squad.

Davis said that all - league end Art Powell will be in Sunday's starting lineup despite reporting two weeks late. "Powell's already in fine shape," said Davis.

Al Tyler also starred for Fairfax with a double and triple. Standouts for Calistoga included Chris Losey, Scott Anderson and Larry Tedesci.

In the Minor League opener, Fairfax whipped Sausalito 8-1. Winning pitcher Brian Little and Ray Pudah each had two hits for Fairfax. Eddie Sibbaluca and Kevin Bell played good ball for the losers.

The schedule tonight calls for San Anselmo to play Santa Venetia in Little League Majors action and San Anselmo to battle Fairfax in Senior League play. Both games start at 6 p.m. at Memorial Park in San Anselmo.

U.S. Olympic Supremacy Periled

Independent-Journal Sports

Tues., August 4, 1964 15

NEW YORK (AP) — The United States, still flushed with its record triumph over Russia, won four events in a major international track and field meet in London but some other week end results could be cause for concern in this Olympic year.

No one is really saying anything, of course. The comments run from "interesting," through "very good performance," to "my, my." But there were some indications the U.S. may not be so overpowering as thought in some key events.

First there was the world-record-shattering discus toss of 211 feet, 9½ inches by Ludvig Danek of Czechoslovakia in Prague Sunday.

That one was a real eyebrow-raiser. First, it's more than five feet beyond the pending record of 206-6 by Al Oerter, Walnut, Calif., who has won the event in the last two Olympics and is this country's No. 1 man again this year.

Oerter, who has gone over 200 feet a half dozen times this season, had a throw of 192-1¾ in winning a special event in the Canadian Olympic decathlon and women's pentathlon trials at Toronto a day earlier.

Danek's throw stamped him a definite threat in an event the United States has virtually owned throughout the history of the modern Olympics. This country has failed to win the discus only three times, and has taken seven of the last eight gold medals.

The U.S. team's victories in London yesterday came in the 400 meter hurdles, by Billy Hardin; the 110 meter hurdles, by Hayes Jones; the 400 meter dash, by Mike Larrabee, and the 800 meters, by Morgan Groth.

But Witold Baran of Poland scored an upset victory in the mile, running a European record 3:56 flat and beating Cary Weisiger and John Camien. Weisiger finished fourth, running 4:00.3 and trailing John Whetton of Britain and Basil Clifford of Ireland, each under four minutes.

The U.S., with Tom O'Hara and Dyrol Burleson, was expected to have an excellent shot at the 1,500 meter title in the Tokyo Olympics, but may encounter more difficulties than expected.

Simo Vazic of Yugoslavia ran an excellent 3:41 flat in winning the 1,500 meters in a dual meet with the Bulgarian national team in Ljubljana, Yugoslavia yesterday. It's the equivalent of a 3:58 mile.

Other events there saw Slavko Span of Yugoslavia with an 8:55.9 steeplechase, Vasil Krumov of Bulgaria with a 208-10 hammer throw and Roman Lesek of Yugoslavia with a 16-1¼ pole vault.

In London, Hardin won the 400 meter hurdles in 50.3; Jones took the highs in 14 flat, Groth was timed in 1:48.5 and Larrabee just nipped teammate Ollan Cassell in 46.2.

But a 1,600 meter relay team of Cassell, Hardin, Larrabee and George Kerr was beaten by an English team anchored by Robbie Brightwell in 3:05.

And, if there was any speculation that old age may be catching up with Formosa's C. K. Yang, the world record holder in the decathlon dispelled it in Toronto. He rolled up 8,087 points and won seven of the 10 individual events.

The performance was far off his record of 9,121, but Yang went only 21-11 in the broad jump, some four feet off his career best and far under his usual standard.

Modesto Gal, 14, Leads Golf Play

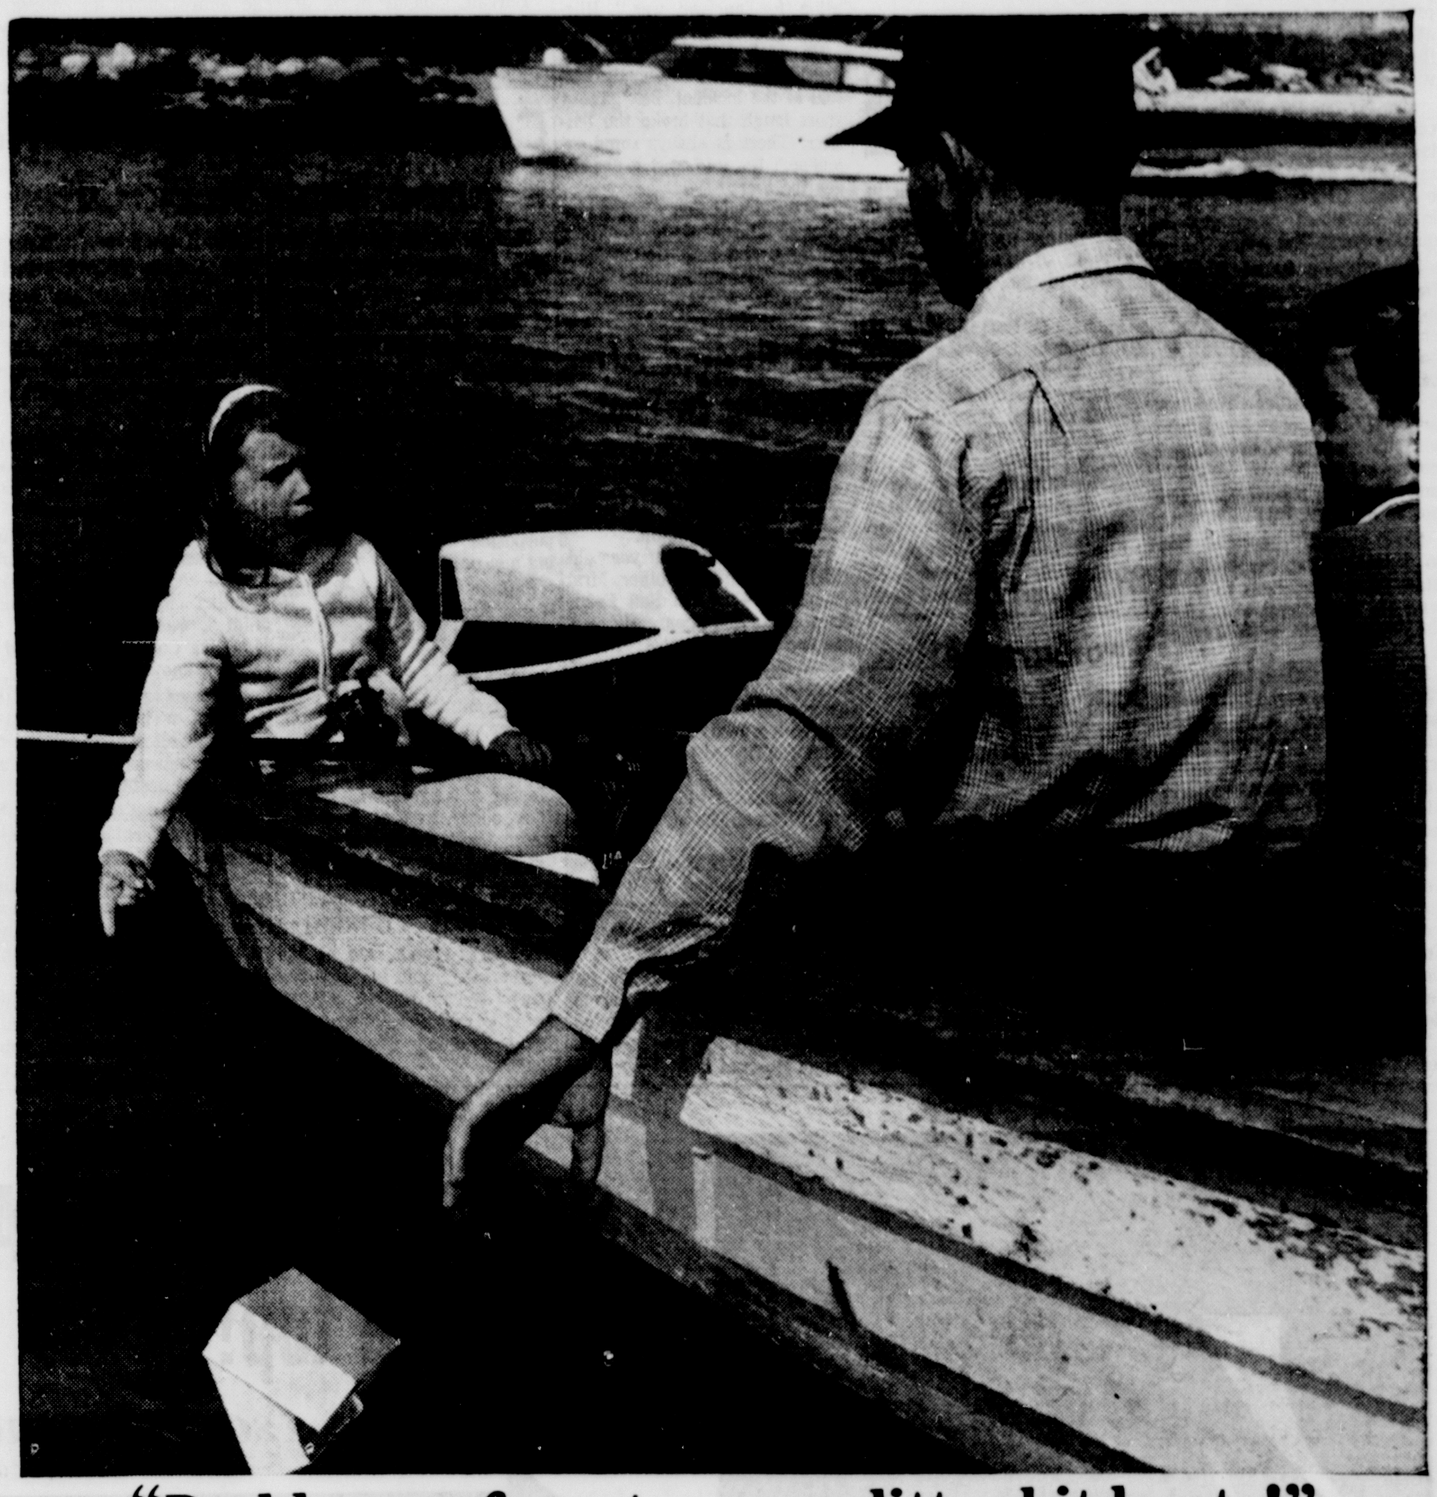

WAUKEGAN, Ill. (AP) — Marsha Houghton, a 14-year-old from Modesto, Calif. girl who started playing golf five years ago and had to take lessons two years ago, won medal honors yesterday in the qualifying round of the Women's Western Golf Association junior championships.

Miss Houghton, who plays most of her golf with her father at the Del Rio Country Club near Modesto, shot a 40-37—77 to edge defending champion Janis Ferraris of San Francisco and four others for medal honors.

SERVING ALL OF MARIN COUNTY

REPORT ON MARIN'S PROS

Cimoli On Batting Spree; Boc, Ard, Cole Take A Dip

Gino Cimoli of Tiburon was the only bright spot in an otherwise dismal report from Player Periscope of Novato on how the professional ball players of Marin recently performed.

Cimoli, outfielder for Rochester, N.Y., farm club for the American League contending Baltimore Orioles, found the Triple-A International League pitching to his liking and stroked .471 for the week to raise his mark to .423 after two weeks on the team.

Cimoli, recently sent down to the farm club from the Orioles, had 8 hits in 17 at bats for the last reported week. It gave him a total of 11 hits, all singles, in 26 at bats. He has 4 runs batted in and has scored 4 runs.

But from there, the picture looks bleak.

JOHN BOCCABELLA of San Anselmo, first baseman for Salt Lake City of the Triple-A Pacific Coast League, hoping to reach the parent Chicago Cubs this year, had only 4 hits, one of them a homer, in 24 at bats for the week. His mark fell to .231.

He had 6 RBI's for the week, however, and hiked his season's output to 60. He has 19 homers, 7 triples and 14 doubles, and has scored 50 runs.

GERRY ARD of Fairfax, regular shortstop for the Modesto Colts of the Class A California League, came to bat 13 times without hitting safely. That cost 16 points off his batting average which sagged to .228.

On the season, Ard has 71 safeties in 311 trips to the plate, including 2 triples and 7 doubles. He has knocked in 32 runs and has scored another 31.

RON COLE, righthanded pitcher from Mill Valley who is a teammate of Ard's on the Houston Colt farm club, appeared in two games and came out with two setbacks. For the week he pitched 19 innings and gave up 23 hits and 3 walks, striking out 11.

His season's record, after 135 innings in 24 games, is 10 wins and 8 losses. He has allowed 133 hits, 48 free bases on walks, and has whiffed a total of 103. Although losing two decisions in the last reported week, his earned run average improved from 3.57 to 3.40.

Terra Linda Swim Team In Victory Over Strawberry

The Terra Linda Swim Team defeated Strawberry 218-75 in the losers' pool Saturday in a meet which saw both teams give up a total of three first places and four seconds and thirds because of improper strokes or turns in breast and butterfly events.

Leading the Terra Linda swimmers were Barbi Whitbeck with three victories and Malcolm MacLean and Jack Delman with two first places apiece. Leading scorers for Strawberry were Debbie Davis, Barbie Binckley and Shawn Jadot, each with two first places.

Pool records were set by Strawberry swimmers Jay Blaha, John Butts, Debbie Root, Janice Moschetti, Barbie Binckley and Mike Goldberg.

Strawberry also lost its meet with Las Gallinas Aquatic Club last week, 233-82.

Cuba Crisis Deal Told In Article

WASHINGTON (AP) — U.S.-Soviet messages relayed by an American newsman and a Soviet agent helped score a breakthrough in the darkest hours of the Cuban missile crisis, according to a former U.S. intelligence official.

Roger Hilsman, State Department intelligence chief at the time of the October 1962 confrontation, discloses in an article for the Aug. 25 issue of Look magazine that American Broadcasting Co. correspondent John A. Scali was the American in the unofficial communications link.

The Russian was identified only as "Mr. X," a senior Soviet official who headed Soviet intelligence in the United States. Other sources said "Mr. X" since has left the Russian embassy here.

Hilsman, now teaching at Columbia University, reported:

By Friday, Oct. 26, of the fateful week, the nuclear antagonists were eyeball-to-eyeball. President Kennedy had demanded a pullout of the Soviet missiles from Cuba and ordered a naval blockade. The Kremlin had publicly rejected Kennedy's proclamation. Some Soviet ships at sea had altered course, but the missile site building in Cuba was continuing full speed.

Mr. X, one of Scali's news contacts at the Soviet embassy, telephoned the correspondent asking for an immediate luncheon date. Over a luncheon table in a downtown restaurant he quickly got to the point.

The Russian asked Scali to find out at once from his friends in the State Department whether the U.S. government would be interested in a solution to the crisis in which the Soviets removed the missiles; they allowed U.N. inspectors to supervise the pullout; they pledged not to reintroduce the missiles and America publicly pledged not to invade Cuba.

Scali promptly reported this to Hilsman and Secretary of State Dean Rusk. Rusk said this was the first direct word that the Soviets might be thinking of a deal.

Rusk asked Scali to tell Mr. X that the U.S. government "sees real possibilities" in the proposition and to suggest that government representatives could work the matter out at the United Nations. "Time is very urgent," Rusk emphasized.

While Scali was relaying this word to Mr. X in a coffee shop that evening, a secret cable from Soviet Premier Nikita Khrushchev to Kennedy also indicated a willingness to negotiate was arriving ate the White House.

The next day the Kremlin reversed its line and broadcast a Khrushchev note reneging on its proposals of the night before. Rusk asked Scali to see Mr. X again to find out what happened. The Soviet official had changed his tune, too. Scali accused him of a "stinking double cross" and said the United States was absolutely determined to get the missiles out of Cuba.

Again the Russian presumably sent back word to the Kremline while Kennedy was making a formal public reply to the Friday proposition.

Sunday morning Khrushchev announced he had ordered the offensive arms withdrawn. The eventual settlement followed much of the formula set forth in the first Scali-Mr. X meeting.

That evening with the back of the crisis broken, Mr. X met Scali for the last time. "The information you supplied," he told the newsman, "was very valuable to the chairman in helping him makeup his mind quickly."

Two Injured As Three Cars Collide

Two persons suffered minor injuries in a three-car collision at Mission and Lincoln avenues, San Rafael, at 10:40 p.m. Sunday.

Margaret Lynn Mendelson, 21, of Los Angeles, a passenger in a car driven by Elizabeth Easterly, 22, of San Jose, suffered bruises of the right leg and right side.

Michael P. Burrell, 17, of 444 Calle Arboleda, Novato, a driver, suffered a cut scalp. Both of the injured were treated at San Rafael General Hospital.

San Rafael police reported that the Easterly car, northbound on Lincoln Avenue, went through a stop light at the intersection, collided with the Burrell car and then with a car driven by Arthur J. Freese, 31, of the Hamilton Air Force Base.

Two Saved After Boat Overturns

Two Tiburon Peninsula men were rescued by the Coast Guard Saturday from an overturned, homemade sailboat off Sausalito.

Walter M. Frehe, 258 Karen Way, and Dr. John N. Lukens, 253 Karen Way, were picked out of the water by a Coast Guard boat about 3:30 p.m.

The men spent about a half hour in the water off Shelter Cove (Hurricane Gulch) in Sausalito, after having sailed the eight-foot borrowed boat from the boardwalk area in the gulch.

U-2 Almost Triggered Third War

WASHINGTON (UPI)—A former top State Department official says that a stray U-2 plane almost triggered World War III by blundering over Russia during the 1962 Cuba missile crisis.

Roger Hilsman, who headed the State Department's intelligence division at the time and is now a Columbia University professor, writes about the U-2 error in Look magazine article on the Cuba crisis. The article is to be published later this week.

Hilsman said that on the afternoon of Oct. 27, at the height of the crisis, a U-2 plane on a routine air-sampling mission between Alaska and the north pole unwittingly flew into Russia.

"Soviet fighter planes had scrambled. The U-2 pilot had gone on the air—in the clear (uncoded) to call for help. American fighters in Alaska had also scrambled and were attempting to rendezvous with the U-2 to escort it home. . .

"The implications were obvious and horrendous: the Soviets might well regard this U-2 flight as a last-minute intelligence reconnaissance in preparation for nuclear war," Hilsman reports.

He said that when the late president John F. Kennedy was told of the incident, he "gave a short laugh that broke the tension. 'There is always some so-and-so,' he said, 'who doesn't get the word.'"

Hilsman said that Khrushchev himself later wrote of the U-2's mistake, and said that Russia had put "everything" into "combat readiness" at the time.

Tot Revived After Slipping In Pool

Young Maureen Corry returned home yesterday after a close escape from drowning Saturday in the wading pool of Marin Town and Country Club.

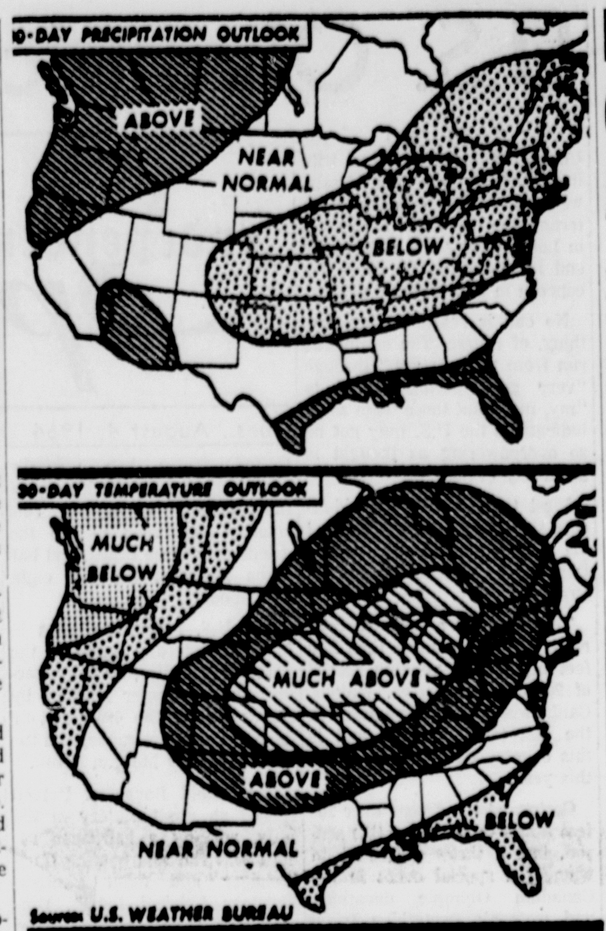

The two and one-half year old child was with her mother, Mrs. Joseph M. Corry of San Francisco, when she apparently slipped and fell in the pool.

Life guards were attempting to revive the child when Fairfax firemen arrived at about 2 p.m. with a resuscitator.

She was rushed to Marin General Hospital and "started a yell" as she arrived at the hospital, Fireman George Hetteman reported.

The child was treated at the local hospital and later was transferred to Kaiser Hospital in Oakland, returning home today.

A Japanese coin made from a cannon which had been made from temple bells is on display at the Chase Manhattan Bank Money Museum in New York.

Congressman Tells Tow He Refused Bank Stock Offer

WASHINGTON (AP)—Rep. Henry B. Gonzales (D-Tex.) says he refused an offer of $14,000 worth of bank stock but he feels it was the idea of a "naive businessman" and a local matter.

"I cannot truthfully say it appeared to be part of any national lobbying attempt," Gonzales told the House Monday, interrupting a speech by Rep. Wright Patman (D-Tex.) describing the purported incident without giving any names.

Patman is chairman of the House Banking Committee, and Gonzales is a committee member.

Patman, praising "a member of my committee," told the story after saying that "anti-public action by the bankers' lobby" sometimes "takes the form of offering a congressman bank stock either free or a a cost greatly under the market vaule."

Gonzales said "a very distinguished gentleman" from his San Antonio district called on him in Washington and suggested he become director of a bank. Gonzales said he told the man that directors are usually stockholders "and I didn't have any money."

He said his caller told him that $14,000 worth of stock would be available "and I didn't have to have any money."

"I stopped him at that point," Gonzales said. "I told him I would consider this an outright conflict of interest. I reminded him I was a member of the Banking Committee. He said he did not know this."

Gonzales said that "one of the troubles with businessmen is that they often can't tell the difference between the private and the public sector."

After Gonzales finished, Patman and several other congressmen congratulated him.

"I think it is a fine example that the gentleman from Texas has set," Patman said. "I know a lot of people wouldn't be so courageous."

Rep. Fred Schwengel (R-Iowa) asked, "Ought not more of us when we are tempted in public life make kown our experience?"

Red Newsmen Cause Uproar At Conference

MOSCOW (UPI)—Three Communist Chinese newsmen today caused an uproar at a Moscow news conference marking the first anniversary of the partial nuclear test ban treaty by denouncing the United States.

The three men, all from the official New China News Agency, claimed American underground tests and proposals for a multilateral nuclear force could not be reconciled with Soviet claims the treaty has promoted world peace.

POET PARRIES

Their interruption caused a stir among newsmen and spectators. The Russian conference moderator rebuked the Chinese newsmen. He said they asked questions "outside the scope" of the news conference.

Soviet poet Nikolai Tikhonov, attending the meeting, tried to parry the Chinese. He said the Kremlin did not ignore "Imperialist reactionaries," and said the treaty banning underwater, atmospheric and other space tests helped lessen the atomic contamination of the air.

HIT AGREEMENT

The Chinese also attacked the American agreement to share atomic weapons know-how with its North Atlantic treaty organization allies.

Peking has consistently attacked the treaty as a Moscow-Washington conspiracy.

In a message saluting the anniversary of the treaty, Premier Nikita Khrushchev said more peaceful steps need to be taken and that foremost among these is a solution to the German problem.

Dam Victims Get Nearly $8 Million

SACRAMENTO (CNS) — The state department of insurance has reported that, by the end of June, 2,161 claims totaling $7,954,649 had been paid to victims of the Baldwin Hills dam disaster.

The dam broke last Dec. 16, flooding many homes and destroying property in the area. The 1964 legislature adopted emergency legislation which permitted insurers to pay claims of the victims without awaiting the lengthy determination of the question of liability.

In addition to the 2,161 claims, another 1,800 first party claims totaling about one million dollars have been paid by an additional 138 insurance companies.

KNOCK ON THE DOOR

Anne Frank's Doom Sealed 20 Years Ago

AMSTERDAM, The Netherlands (UPI)—Twenty years ago today, Nazi police kicked open the door of a hidden room in the heart of Amsterdam and ended the diary of Anne Frank.

The Jewish girl whose diary has been read by millions was dragged off to Bergen Belsen concentration camp with her parents; her sister, Margot; another Jewish couple; their son, Peter, and a bachelor named Dussel.

The eight Jews had lived together in one room concealed at the back of a large, 17th Century house by a canal for 728 days— alomst two years. Seven months before liberation, the Nazis discovered the hiding place on Aug. 4, 1944.

All perished in the concentration camp except Anneengitho(AP) tion camp except for Anne Frank's father, Otto Frank, who came back after the war to the achterhuis (house at the back) as their secret home was called and found the diary.

Anne Frank, 14 when she died, was a quiet, reserved and sensitive girl.

She put in her diary secret thoughts and hopes and observations about those who shared her forced isolation in the small room.

Her impressions of each day were interspersed with her own poems and fairy tales. Experts said later they showed the promise of a great writing talent.

On May 11, 1944, three months before her arrest and deportation, Anne wrote in the diary that she hoped to publish a book about her ordeal if she survived.

She did not survive but the diary was published.

When her father found it after liberation he made a few copies. He gave one to his aging mother and another to a friend to read. The friend lent it to a literary critic who wrote an article on it for a newspaper.

A publishing house put it in book form. It has sold more than four million copies in more than 30 countries. A play and a film have been based on it.

The proceeds have gone to the Anne Frank Foundation, which has purchased the old achterhuis and turned it into a permanent monument to Jewish suffering under the Nazis. It has become a place of pilgrimage and a meeting center for youths.

Otto Frank, now a businessman in Switzerland, controls the foundation but does not want to benefit from any income derived from his daughter's diary.

The anniversary of her arrest was marked today by a simple ceremony of rememberance in the achterhuis.

Marin Doctor To Publish Drug Bulletin

Incorporation of Bulletin of Drug Reactions Inc., a nonprofit firm which published the first issue of its bulletin last week, has been announced by Secretary of State Frank M. Jordan in Sacramento.

The bulletin, edited by Tiburon psychiatrist Dr. Thomas P. Lowry who practices in Kentfield, is devoted mainly to alerting doctors to bad reactions of psycho-therapeutic drugs.

Lowry's co-directors are A. H. Angelini and John T. Lewis Jr., both of San Rafael, chief pharmacist and pharmacist, respectively, at Ross General Hospital.

The dangerously slow circulation of information on the effects of new drugs was cited by Lowry as the main reason for the undertaking.

"The thing that started me thinking about it was the thalidomide disaster," he said, referring to tranquilizing pill which caused severe deformities among babies born to women who used it. American women used the pill unaware that it had shown dangerous effects in Europe.

STARTING THE preparation of sauce to pour over fresh pineapple to create a simple but tasty "Pineapple-Port" dessert are Marin Junior League members, Mrs. Dan Langille, left, and Mrs. C. Hugh Carruthers. The dessert was tested by a group of Junior League members in the county as a part of the "gourmet program" started here last September and going into its second year next month. The Junior League members shown on this page got together at the William Cavalier home in Ross to retest some gourmet recipes and to plan the program's continuation in the county. The League Goes Gourmet

By MARG ZIMMERMAN

Last September, Marin members of the Junior League of San Francisco, Inc., set aside one day of each month to research the world of the gourmet.

They did it through trial and error, so to speak, by planning a menu to suit the discerning—in this case, fellow Marin League members—by cooking it themselves and by serving it in a proper setting and fashion. With interest riding high and personal pride at stake, there was little margin of error.

FEW COULD foresee the program's result—such as delicacies like "Pineapple-Port" dessert on the summer menu—and even more important, a tremendous enthusiasm among the League's Marin membership to continue the program into its second year, starting next month.

Interest in the "gourmet program" was generated among League members in San Francisco and Marin after both areas viewed the program's sound success in Hillsborough where the cooking and serving of gourmet meals has been going on among League members for the past two or three years.

IT FOLLOWED in Marin (as in San Francisco) that aspiring gourmet cooks registered for the program, and simply by drawing names from a hat, three parent groups of 15 each were organized here. In the same name-out-of-hat manner, each of these three groups was broken down to five groups of three women each, and these latter groups, acting as teams, were assigned certain days of certain months to prove their prowess as gourmet cooks.

IT WAS a great challenge.

The treasures of time-proven family recipes were searched and cookbooks and magazines from here and abroad were studied. The locale of the serving of the meal—it could be any meal of the day, though always served to fellow League members at noon—was selected and the menu, once chosen, was carefully and artfully prepared, right down to the last pinch of salt. Another important part of the venture was the table settings, the manner in which the meal was served and the selection of beverages.

EVERYONE involved hoped the gourmet program would be successful; few dreamed success would be so overwhelming. Many more than the 45 who registered last September are expected to join the program in its second year.

The three big parent groups of the county joined ranks to cook a gourmet lunch for most of the League's Marin members earlier this year. It was the first time a League group in the county had attempted such a huge culinary task, most luncheons of that size previously having been catered.

IT'S NOT likely to be the last.

For easy summer cooking, try any one or all of the following gourmet recipes tested by Marin members of the Junior League the past year.

LEMON SOUP
(Hot or Cold)

2 whole eggs
6 cups chicken broth
⅓ cup rice
½ cup fresh lemon juice

Boil rice in brorth for 15 minutes. Beat eggs well. Add lemon juice to one-half cup of the broth and pour **slowly** over the eggs, beating constantly so as not to curdle. Finally, add egg mixture to remaining rice broth and stir. Serves 4 to 6.

PINEAPPLE-PORT
(As Pictured)

1 whole pineapple
1 orange
½ grapefruit
1 cup red port
3 [illegible] sugar

Remove crown from pineapple and save for decoration. Peel and, using a small, sharp knife, cut out eyes by making square cuts. This produces a waffle-like effect. Slice fruit lengthwise and core, saving whatever juice runs off for the sauce.

SAUCE

Using a medium grater, shred rind of orange and grapefruit. Simmer in port with sugar and saved pineapple juice for 15 minutes. Arrange pineapple in a low glass dish and cover with hot sauce. Serve at room temperature. Serves 4 to 6.

ST. LAURENT STUNS AUDIENCE WITH ALL TUNIC COLLECTION

PARIS (UPI)—Designer Yves St. Laurent lowered hemlines on dinner dresses today but otherwise his fashions for fall and winter retained his usual sleek, narrow look in a quiet collection without surprises.

Rumors had been whirling around Paris over the weekend that the St. Laurent collection would be "revolutionary."

IT WAS MORE counter-revolutionary. He stuck to last year's slim silhouette and bucked the trend at most of the other houses for a wider, fuller look.

Unlike his staunch rival, Marc Bohan at Dior (where St. Laurent, who turned 28 only Saturday, was chief designer five years ago), St. Laurent did not lengthen suit jackets. There wasn't a trouser or a divided skirt—or even any sportswear—in sight.

The bespectacled designer stunned his audience by basing his entire collection on tunics with the slim lines that have held sway in fashion for years.

VIRTUALLY the only items that drew applause as fashion "news" were St. Laurent's lace or silk tunic dinner dresses at a new length about four inches above the ankle. Pierre Cardin showed a similar line of longer dinner dresses in his show last week.

Most of the St. Laurent daytime suits had tunic skirts that showed a couple of inches of an underskirt of the same fabric.

SERVING THE finished "Pineapple-Port" dessert to Junior League members, Mrs. Herman Frentzel, left, and Mrs. John Wingate Jr., is fellow League member, Mrs. Huntley Bennett. The dessert was on one of the menus of the League's "gourmet program" in Marin this past year.

Lace Knee Breeches Shown For Cocktails

By ALINE MOSBY

PARIS (UPI)—Pants, longer suit jackets, ruffles and extra-young clothes are the main ideas so far in the Paris fall-winter fashion parade.

Pants destined for college campuses, street wear and cocktail parties were shown by Jacques Heim at his collection.

FOR COCKTAILS he displayed red ruffled lace knee breeches under a matching red lace full-skirted tunic that ended well above the knee. For daytime you could keep your knees warm with mink breeches under a charcoal gray flannel dress.

For college campuses there were even shorter tunics, cut like boy's shirts, worn with leotard-type waist-high heavy knit stockings with a stripe here and there.

Sometimes the models wore hood-capes in brilliant tweeds over tunics ending several inches above the knees and long colored stockings. All the show lacked was some music by the Beatles in the background. Skirts definitely were shelved.

A new-suit look was unveiled by designer Gerard Pipart at the salon of Nina Ricci. His suit jacket was extra long, to the end of the hip, and flared beginning under the bust for a high-waisted look. The skirt was narrow and slim. One American buyer declared flatly this would be a new look women will find in their department stores.

GREEK-BORN Jean Desses, absent for two seasons from the Paris fashion scene because of the mounting labor costs of making clothes, staged a comeback in his Champs Elysees salon last night.

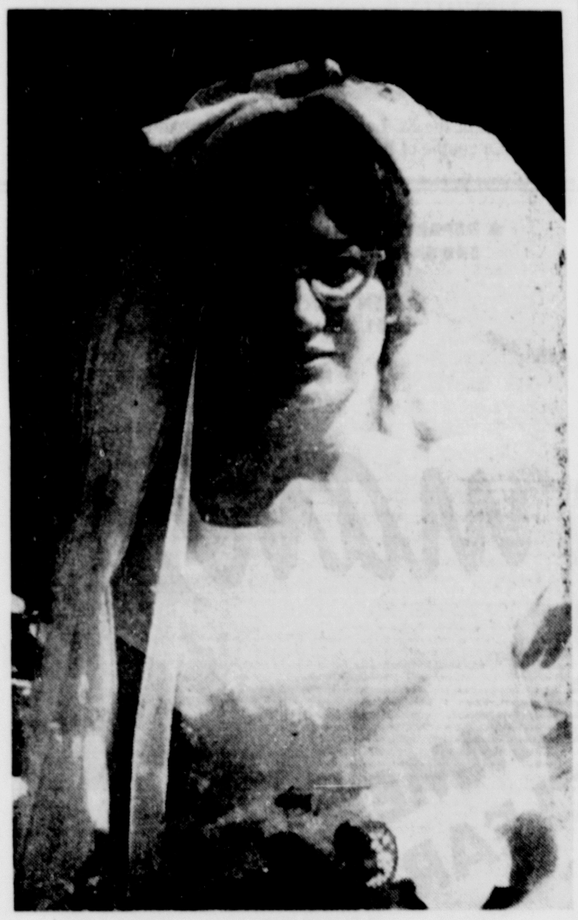

Desses showed press and buyers his line of flowing chiffon evening gowns and coats, afternoon dresses, coats and suits. He said the price was 35 per cent below his former collections because he now is having them made in his Athens salon where the overhead is not astronomical.

The buyers enthusiastically applauded one flowing red chiffon gown whose midriff was flattened by a basket weave effect. A pale blue chiffon gown with a cascade of ruffles down the back was also fit for a queen.

Appliance Cord Care

All cords on electric appliances should be wound loosely so the wires inside will not break from tension.

MRS. WILLIAM CHAMPLIN

Champlin-Hartvigson Vows Traded At Lodge Chapel

William Bradford Champlin of Mill Valley claimed Ingrid Elayne Hartvigson as his bride Sunday afternoon in a 4 o'clock ceremony at Brookdale Wedding Chapel at Brookdale Lodge.

Immediate family and close friends were present.

The bride is the daughter of Mr. and Mrs. Glenn Croom of Richmond, and the bridegroom's parents are Mr. and Mrs. Jack Cheetham of Mill Valley.

The single ring ceremony was performed by the Rev. Mervyn L. Johnson. When she was given in marriage by her father, Elayne, as she is best known to friends, was wearing a ballerina length gown of white silk organza with bouffant skirt and bolero jacket.

The bridegroom's sister, Sally Champlin, was maid of honor, and the bridesmaid was another sister, Mimi Lizette Champlin, who was also vocalist. Their dresses were the same as the bride's except that they were of pale turquoise green over yellow.

Best man was Donald Irving of Tamalpais Valley, and Edward Bode of Mill Valley escorted guests to their seats.

Following the ceremony a reception was held at Brookdale Lodge, where the young couple stayed for their honeymoon. They are at home to friends at 17 Bigelow, Mill Valley.

Elayne was graduated in June from Tamalpais High School, where she and Bill met when they both sang in the high school chorus.

Bill, who is a senior at Tamalpais High School, plans to major in business administration and minor in music at the College of Marin.

High Capacity Fan

To remove hot, moist air from sink, dishwasher, range and dining areas install a multiple switch controlled forced exhaust system. A fan with a capacity higher than is needed to change the air in the kitchen every three minutes is the most effective.

Open Houses To Celebrate Move

To celebrate the move of the Catholic Social Service Agency of Marin into its new quarters at 179 Los Ranchitos Rd., San Rafael, two open houses are planned, one Friday evening and the second Sunday afternoon. The newly remodeled site will be blessed by Msgr. Daniel McAlister, administrator of St. Raphael's, at 2 p.m. Sunday.

MRS. DONALD Helbig of the Social Service Auxiliary and Mrs. William Roberts Jr. of the Junior Auxiliary are co-chairmen of the events.

Members from the Greenbrae, Fairfax, Terra Linda, East San Rafael, North Marin and West San Rafael chapters of the Junior Auxiliary will assist hostess chairman, Mrs. Frank Cognoto. Other chairmen are Mrs. C. Stanley Lawrence who has subscribed 20 Auxiliary volunteer workers for the two affairs; Mrs. Thomas Mellon and Mrs. Anton Lonich, refreshments and Mrs. Alfred Simonini and Mrs. John R. Wagner, invitations.

The new offices have been decorated by Lorette Larson who chose gold and white with greens and blues accented by persimmon red. A children's waiting room has also been created using bright furniture on a avocado rug and a clown mural on one wall.

The Catholic Social Service Agency is a member of the Marin United Fund and is directed by the Rev. J. O'Connor with a staff of five professional caseworkers. This is the Agency's fourth move in its 27 years in Marin.

Ballet Holds Interest Of Homestead President

MRS. JOHN JARDINE

Her family is the major interest of Mrs. John B. Jardine, new president of the Homestead valley Parent-Teacher Assn., but next comes ballet, which she continues to study just because she enjoys it.

She attends ballet class once a week at the Dick Ford studio. It is very good exercise, she believes, as are gardening and swimming. Her other interests are sewing and interior decorating.

A member of the P-TA for 1½ years, Constance, or "Penny," as she is known to friends, had charge of the school's hotdog program last year.

Mrs. Jardine was born in New York City and reared in Connecticut, where she was graduated from the Valley Regional High School in Deep River. She studied ballet for 11 years and performed professionally one summer in New Haven.

Before her marriage to John Jardine, who is a building contractor, she was employed as a cosmetician.

The Jardines have lived in Homestead Valley 2½ years. They have two children, John Roger Jr., 8, and Elizabeth Gerri, 6½.

Other new P-TA officers are Mesdames Chris Bratt, first vice president; Charles Oldenburg, second vice president; J. V. Wilbert, secretary; and R. H. Warren, treasurer.

Mrs. Walter Zweig Again Named Festival Chairman

MRS. ZWIEG

Mrs. Walter Zweig of Kentfield has been named general chairman of the Sunny Hills Grape Festival for the tenth year. She first served in this capacity in 1955, after a year as grounds chairman for the annual benefit.

Immediately on her appointment, Mrs. Zwieg issued a call for historical materials concerning both the Grape Festival and Sunny Hills.

"This year we will celebrate the 65th anniversary of the Festival," she said, "and we would like to collect all the materials that we can, particularly records of the early years. Pictures, Grape Festival programs, annual reports of Sunny Hills, and other materials will be welcome."

Persons who have such materials are asked to contact Mrs. Zwieg or the Sunny Hills office in San Anselmo, as soon as possible.

This year's Grape Festival will be held Saturday, Oct. 3, on the Sunny Hills grounds. Proceeds will benefit Sunny Hills, founded in 1895 as the San Francisco Presbyterian Orphanage and Farm and now a home for adolescent children from the entire Bay Region.

The Monokini—Topless Long Pants

---AND NOW THE MONOKINI

You've all seen the Bikini and now Paris fashion designer Courreges introduces the Monokini. Shown in Paris the new fashion has topless long pants—with a long open peg-noir coat that is bow-caught over the bosom. Coat and matching hood cap are in white satin edged in a ball fringe of brilliants. The pants are silver sequined. (AP Wirephoto)

PARIS (AP)—The monokini made the big time in fashions as Courreges showed topless long pants—but with a long open coat that was bow-caught over the bosom.

Courreges showed lots of other, soberer pants, but not an all-pants collection as it had been rumored he might.

IN CONCEPT, his new fall and winter collection was much like the one for spring and summer he showed in January, offering a choice between strict long pants or spare, short—very short—coats, suits and dresses.

NOW, AND then, dress hems were well above the knees. Now, as then, he used lots of white and white with camel.

COURREGES expects women to wear pants-suits around town and above-knee shifts to dance in—with boots, of course.

He is obviously quite serious about his fashion philosophy, which might be defined as "chic existentialist."

HE SHOWED very nude-looking pants and tops—in wool embroidered tulle over suntan crepe—and low-slung "monokini" trousers under a long, open peignoir coat which was held together with a bow at bosom level. The pants were solid, shiny silver sequins.

COURREGES used lots of smooth, almost satiny, wool gabardines, and glassy-smooth cire.

Most of the evening pants or short coats and dresses came in blush pink or black and white combinations.

PANTS promise to be the big new fashion and they are everywhere in Paris, but only Courges and Heim endorse them for anything but sport or at home wear.

Too Many Surveys Tell Us What We Already Know

It is not surprising that the Stanford Research Institute survey of Marin's industrial potentials is drawing criticism.

What is surprising is that so many such surveys and studies go uncriticized.

Our society at times seems survey-happy.

How much school capacity is going to be needed for a certain school district in times ahead?

There was a time when the educated guessing was done by the people who ought to know best—the administration and the trustees of the district.

Now it has become fashionable to depend on "outside consultants." And if the outside expert whose name appears on the report is Doctor somebody-or-other with some initials after his name, the report is regarded even more akin to scripture.

Where do the experts get the information on which they base their report?

By talking to the people most closely involved in the situation.

Take the costly S.R.I. survey of Marin's industrial potentials.

We haven't even seen it. But sight unseen we'll wager much of the information it contains came from the Marin Industrial Development Assn. And we'll wager that the staff of the M.I.D.A. has data in its offices that goes beyond what the S.R.I. survey contains, and sheds more light on the subject.

On the one hand we taxpayers, through county subsidy, help pay for the maintenance of the M.I.D.A. staff and then on the other hand, spend money to hire experts to make a survey of the same field. We pay the experts to dig up the same facts that the Development Assn. already has on file. For all we know, the S.R.I. may have got much of its data from the M.I.D.A.

Outside of helping the economy on a kind of W.P.A. make-work basis, we fail to see where the taxpayers really get much for their money on such a survey.

But then sometimes we have trouble understanding the gobbledegook used by people with too many initials behind their names. We are glad our supervisors are hesitant about putting any more of our money into further "phases" of the S.R.I. survey in question.

THREE MINUTES A DAY

HASTE IS COSTLY FOR THIEF

A butter-fingered bank robber lost most of his $6,393 loot in hurrying away from the scene of a holdup in Rocky Point, Long Island.

The robber had appeared at the branch bank just before closing time. At gunpoint, he ordered the teller to fill his paper bag with $10 and $20 bills. The frightened employee complied.

But then, as the bandit turned and started to run, he accidentally hit the bag against the edge of the counter. The bag was torn open and greenbacks scattered in all directions.

Sensing that the slightest delay to pick up the money would mean his capture, the frustrated thief grabbed for a handful of the money and then dashed for his waiting car. He left behind $6,000 of the $6,393 he had stolen.

Much time and effort are wasted by those who defy God's commandments. Sooner or later divine justice triumphs. For your own sake, work with the Lord, not against Him. Then you will win the battle of life.

"But seek first the kingdom of God and His justice, and all these things shall be given you besides." (Matt. 6.33)

Keep me mindful, O Holy Spirit, that to triumph in life is to fulfill Your holy will.

Anti-Pay TV Proposition Called An Infringement On Enterprise

By HENRY C. MACARTHUR

SACRAMENTO (CNS)—Proposition 15 on the November ballot, a measure which would prohibit subscription or pay television, is a proposal to which much thought will be given before voters go to the polls to register their wishes at the general election.

THERE APPEARS TO BE no clear reason why the people of the state would vote to approve a measure of this type, which in effect, is nothing but an attempt to "save" the motion picture houses.

Advances in television over the past several years have been not far short of miraculous. The advances cannot contiue unless someone pays the tariff. And the people who want certain events, programs, etc., televised, are the logical people to pick up the tab.

There is no compulsion along the line for the abandonment of free television, which no doubt will be on the air as long as there are advertisers to create markets for hair oil, soap, stomach aids, dog biscuits, etc. ad infinitum. The manufacturers of these, and other products pay for "free" television in the home, which is about as free as the bread and meat one eats for dinner.

THE ALTERNATIVE, of course, is to subscribe to a television service, where programs can be picked and chosen, thereby eliminating the tremendous waste of time that today is afflicting the American people through being forced to look at ads for products in which they are not in the least interested.

This is no fault of the advertiser, it merely is the way television works, and will continue to work until pay programs get general acceptance on the air.

IT IS REASONABLE on the part of the theater people to make all the efforts they can to stymie pay television. But, it is not a proven fact pay television will do the theaters and movie houses any great damage. So far, this is only supposition.

But the question in Proposition 15 goes far deeper than whether or not pay television will destroy or curtail the motion pictures.

The real question is whether people who are astute enough to promote a new venture, allied with a comparatively new advance in science, should be curtailed in a private enterprise by the Constitution of the State of California by the moguls of a business who seek to retain a monopoly on the entertainment field.

THE PROPOSITION in effect would impose a restriction on private enterprise which is not in accord with the tenets of the constitution. In effect, the proposal would be something like prohibiting a newspaper using lead type from switching to the offset process.

Attempts to eliminate or curtail competition through the statutes always have been a factor in the business life of the state, and generally such efforts have been doomed to failure for the simple reason one can't stop progress; neither can what the people want be stopped.

AS YET, PEOPLE don't know whether they want pay television or not, because it hasn't been offered on a large scale. But concerns are ready to move when assured they will have no interference from government. When this occurs and the program is offered the public, it then will be determined whether the business venture will be a success.

WHAT OUR READERS SAY

Old-Car Story Is Commended

Editor, Independent Journal:

You are to be commended for publishing the article by Richard Lyttle about old cars. I am sure many public officials have been unjustifiably criticized by people who did not understand the true situation.

In our area there is a garage man who makes a business of parking old cars on the street. This man can afford to charge less for his work because he does not invest in modern equipment and he stores his cars on a vacant lot and on the side of the public street paid for by the taxpayers, which is unfair competition to other garages who must pay for their own storage space.

This garage attracts the oldest and most delapidated kinds of cars. When the owner cannot pay or parts are not immediately available these cars stand around sometimes for months in front of other people's front doors. Any person who actively protests is denounced up and down the street as a crackpot and a trouble maker by the garage owner. As a result property here is very difficult to sell even at a cut price. When it is sold it is very unlikely that a desirable class of people will move in. The garage business gradually grows while the neighborhood gradually deteriorates.

I would hate to think of all of Marin County being in the same situation this neighborhood is in. I think a very stiff fine should be imposed on anyone who abandons a car. I also think it is the duty of every person who claims to be a good neighbor and a good citizen to cooperate by voluntarily revealing any information he might have about the cars. The police and the Planning Commission cannot be expected to be solely responsible for cleaning up our back yards. It requires the cooperation of everyone.

Your paper could be a great influence in this county by publishing more articles about the problems of Marin County with information showing the average person what he can do to help correct them. All in all, Marin County is a nice place to live and I for one would like to see it stay that way.

Divorce Story Not Essential

Editor, Independent-Journal:

I have heard of yellow journalism and character assassination but your paper should get a gold star for both.

On page 4 of the July 28 edition, you published a large bold column entitled "Physician's Support Pay Is Ordered." The physician in name is . . . . This is the second time you have gone out of your way to give undue publicity to this man's divorce proceedings.

I know nothing of the man's personal life but I do know of the many kindnesses he has done for many people and never made any mention of it.

I know that he has established a mental health clinic with the help of a Dr. Sam Anderson to help eliminate the deplorable mental health condition in this so-called progressive marvelous Marin.

I know that his divorce is no more sensational than the other thousands that barely get even legal notice in your paper. Yet you continue to blast him. I only hope as an old-timer here that I see the day when your "rag" is run out of town by true decent journalistic practices.

No One Fooled By Goldwater

Editor, Independent-Journal:

At the end of the T. V. documentary last night (choosing a candidate) which related step by step the winning of the delegates by Barry Goldwater for the nomination for president, Chet Huntley observed in summary that the words most familiar during the campaign had been "tired of it all," and they expressed the real reason behind the success of the conservative wing of the Republican party.

People said Huntley, are "tired" of the cold war, "tired" of the violence and disharmony arising from the Civil Rights Act, "tired" of demonstrations, "tired" of the tax burden, "tired" of the long years of Communist threat and world disturbance, all of which is somehow associated in their minds with the liberal administration. The conservative policy of Senator Goldwater offers a panacea to all those wheary spirits who long for a return to a happier time (and this includes most of us), especially those to whom the state of modern man seems hopeless and to whom all attempts at remedying it have seemed futile so far.

All of us are tempted to ignore the formidable and frightening realities of the world we live in, or at least we try to depreciate them. When some one comes along and says it is only our own disloyalty to our heritage, to the American tradition, to the teaching of our forefathers, and that everything will be all right if only we believe in him and what he stands for, we listen and are tempted.

But it is important to be aware that this is a temptation toward escapism and that it must somehow be resisted. We must face up to reality. You can't turn back the clock, no matter how much you may want to.

It is most important to recognize and accept only that leadership which, seeing things as they are, is willing to make the attempt toward changing them, however difficult the task may seem; a leadership calling to deal with the facts of the world situation as best it can, willing to accept the truth, instead of ignoring it.

Truth will still be there, even though you cover it up temporarily. Only the blind are fooled and cannot see what is underneath the snug blanket of Goldwater philosophy with its pretty pattern of nostalgic dreams.

Administration's Coyness Offsets Effect Of Vietnam Forces Buildup

(Roscoe Drummond is on vacation. During his absence, his column is being written by members of the staff of the New York Herald Tribune.)

By LAURENCE BARRETT

WASHINGTON — Like a sincere but temptation-ridden teenager trying to keep a difficult New Year's resolution, the Administration is struggling to hold to its new policy of telling the whole truth about the war in South Vietnam.

And, like the war itself, the effort to explain it goes unevenly. The administration failed one of its first big candor tests last week in its handling of the news about the one-third increase in American forces in South Vietnam — probably the most significant overt development since the Diem regime fell last November.

IN A MOST CURIOUS fashion, comes the news of the great expansion of American military and civilian "advisory" personnel in South Vietnam..

The word was passed on July 25 in Washington to look for big developments concerning Vietnam two days later. Sure enough, last Monday, Gen. Nguyen Khanh in Saigon announced the large increase in American assistance. He gave virtually no important details. In Washington, spokesmen who were most certainly expecting the announcement, would give only rough figures of 5,000 to 6,000.

What will all these people do, exactly?

What necessitated this great build-up not too long after the Administration had been predicting a decrease in American forces?

WHY DISCLOSE the step-up at all—it would not have become obvious for several months—if it is necessary to keep the explanation and supporting details secret?

At this writing, the Administration has yet to answer these questions. And, although the increase means greater financial cost to this country, and probably a higher American casualty rate, no American official of stature has gone to the people to explain the move. Not that there was insufficient time to prepare an explanation. The basic decision to expand the American mission was made in early June and held up for seven weeks to give the new Ambassador, Gen. Maxwell Taylor, time to make his own assessment.

No attempt is made here to read minds. But a number of factors lead to some unpleasant possibilities.

FIRST, IT CAN be reported that the large majority of the 5,000 to 6,000 additional personnel will not be advisers to Vietnamese units, but members of American support units, primarily for communications and ground and air transport. This fact, together with the tardy official confirmation that there are 5,000 to 7,000 more full-time Viet Cong than previously admitted, could mean that the expansion is not a determined move to seize the advantage, but merely another attempt to stay even.

Second, the announcement has significant political implications both here and in Saigon.

Sen. Barry M. Goldwater has made clear his intention to make Viet Nam a major campaign issue. His argument is that alleged indecision and timidity in Washington adversely affect the war effort. It would be most disturbing if this partisan attack persuaded the Administration to disclose its reinforcement plans prematurely.

In Saigon, of course, the announcement serves to strengthen Gen. Khanh's position and, perhaps, to divert attention from his loud talk about marching north. How important a factor this was in the handling of the announcement is uncertain also.

FINALLY, an important element of the expansion—the non-military side of the assistance effort — has been obscured. The fact that Washington considers it necessary roughly to double the personnel involved in various forms of civilian aid programs points up the failure of the Saigon government to provide the public services necessary to win and keep the loyalty of the uncommitted Vietnamese peasantry. This could be the most crucial element of the war in which the United States is increasingly involved.

Yet, despite the Administration's desire for public understanding of its Vietnamese policy, little is done to explain and dramatize the need.

Congressmen Attack Foreign-Aid Budget

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON—The doughty fight in the Senate to steeply slash President Lyndon B. Johnson's 3.5-billion-dollar foreign aid budget is seemingly doomed to failure, but it is performing one extremely useful service.

IT IS MAKING crystal clear that this huge budget is only about half of the amount actually being spent on foreign aid.

The real total is more than 7 billion dallars.

Under various titles, designations and agencies, Congress already has voted the other 3.5 billion.

The little-known fact was admitted by Foreign Aid Administrator David Bell under questioning at a closed-door meeting of the Senate Foreign Relations Committee.

He made this highly significant admission in response to a question by Sen. Stuart Symington (D-Mo.). This was disclosed on the Senate floor by Sen. Ernest Gruening (D-Alaska), who with Sen. Wayne Morse (D-Ore.), has been spearheading the determined effort to drastically prune the president's 3.5-billion-dollar budget.

FOLLOWING IS THIS revealing testimony:

"Senator Symington: You present a figure of 3.5 billion dollars. I turn that over to someone trying to be objective and say, 'Give me what the true foreign aid figure is.' He then gives me a figure of some 7 billion dollars as the actual amount of foreign aid we are going to give or loan this year. Is that figure correct?

"Bell: Somewhere around that, yes, sir."

Caustically commented Gruening, who has been futilely battling to induce the Small Business Administration to grant ¾ of 1 per cent loans to hard-hit Alaska businessmen and other earthquake sufferers, "We have heard much about this being a 'bare-bone' foreign aid budget. That is not quite correct. It now develops that foreign aid spending for fiscal 1965 is to be in the neighborhood of 7 billion dollars and not 3.5 billion."

THE FOREIGN AID Administration and other agencies in that field have granted hundreds of millions in loans to foreign countries and businessmen at ¾ of 1 per cent interest. But earthquake-stricken American citizens in Alaska are being required to pay 3 per cent interest.

"NATO appears on the verge of complete disintegration," says a House Foreign Affairs Committee minority report. "France, a major recipient of U. S. aid, has apparently withdrawn its support while retaining its voice. We have been unable to obtain the cooperation of our European allies to reduce their trade with Cuba in strategic materials.

"THE POLITICAL settlement in Laos has predictably worked to the advantage of the Communists. The 330 million dollars poured into that country has done nothing more than identify the U. S. with a losing battle. After 10 years and 370 million dollars in aid, Cambodia has asked us to pick up our marbles and go home.

"Indonesia with 870 million dollars of our money continues to threaten freedom-seeking Malaysia. And a few months ago, Sukarno announced, 'To hell with U. S. aid.' Yet we continue to give him aid. In fiscal 1965, 10 million dollars is planned for technical cooperation. Our allies in Turkey and Greece are at each other's throats over Cyprus."

HAL BOYLE'S COLUMN

Go On Diet, But Don't Lose More Than Your Friends

NEW YORK (AP)—So far as I know, science has never undertaken a study of the relations between dieting and friendship.

WELL, THERE IS quite a relationship, and it boils down to this: No matter what he does, a fat man cannot please his buddies.

Suppose you are named Alfred, you are over 40 years of age, and you weigh a pudgy 217 pounds. Let us suppose you are also tired of having lifelong friends prod fingers into your bulging stomach and saying:

"What is that—a watermelon or a conference room?"

"Don't you get tired of carrying it around all day?"

"ALF, ALL THAT blubber is making you old before your time."

"Alf, if you won't take that pot off for the sake of your own health, take it off for the sake of all the friends who love you. We don't want to lose you."

Well, this last flattering appeal strikes home to the heart. After all, who wants to let his old pals down? Nobody.

So you bravely announce you are going on a diet and slim down. Immediately your friends surround you with glad cries and helpful suggestions.

"Alf, I'm proud of you."

"Alf, you'll feel like a new man."

"Alf, try eating nothing but whipped cream and cole slaw for a week. I guarantee it."

"ALF, EAT A QUART of dry bran for breakfast, a hard-boiled egg for lunch, and a pickled pomegranate for dinner."

So in a month you take off 15 pounds and are down to 202. You are rather proud of yourself, but when you meet old friends they say things like:

"It looks like you're putting it on again, Alf. I thought you said you were going on a diet."

"What do you mean you lost 15 pounds? Where?"

THIS MAKES YOU angry. You really buckle down. You cut out the pickled pomegranate and the whipped cream. You concentrate on the hard-boiled egg, the cole slaw and the bran. You strain the can of sauerkraut juice through an even older piece of old lace to be sure to get rid of every possible calorie.

You join a gym club. You take steam baths. You run five miles every day. You work out twice daily with barbells.

AT THE END of three months of this you can lift a 100-lb. weight overhead with either hand. Your stomach is ridged and hard like a washboard. And you are down to a trim 172 pounds, just what you weighed when you played substitute halfback in college.

So when you bump into those lifelong friends you expect a chorus of congratulations. But what happens? You have done an unforgivable thing — you have become slimmer than they are.

THEY CAN NO longer feel smugly sorry for you in the old way. So they have to find a new way to feel sorry for you. So they say things like:

"Alf, you look so haggard I hardly recognized you."

"Gee, kid, I didn't know you'd been sick. Why didn't you let me know. I'd have sent you a get-well card."

"You seemed tensed up, Alf. Whatever happened to that old bubbly sense of humor you used to have?"

THE BEST THING to do then is to kick their feet out from under them, step firmly on their jealous, mushy-mouthed faces — then celebrate by going into the nearest drugstore and ordering a double chocolate malted milk, extra thick.

Name Proves Serious Business For New Junior College Campus

SO WHAT'S IN a name?

Trustees of the Marin Junior College District are struggling with a name for the district's new, second, North Marin, Pacheco Ranch, Novato campus.

So far, trustees don't like any of these modifiers to distinguish the new campus from the old Kentfield campus. The only name they are toying with at present is Pacheco and they want to look into the historical significance of the name before they embrace it.

Of course, there will probably come a time when all schools are designated only by number, but I think trustees are right in shying away from "Second Campus" as the official name.

RESIDENTS OF Novato should be enthusiastic over "Novato Campus," and after all, the present campus is called "Kentfield Campus." But trustees believe this is pinning things down too much. The second campus is not in Novato, yet.

Pacheco has a good, California ring to it, but trustees are right in going slow with a decision. There are all kinds of things to consider like school slogans, football fight songs and chants and school mascots.

Calling the team the "Pacheco Pirates" or the "Pacheco Bulldogs" would hardly do honor to the grand old name. The present team is called the Tars, the name the English once gave sailors.

Something like the "Pacheco Dons" might be fitting, or maybe the "Pacheco Caballeros."

"PACHECO CABALLEROS, fight, fight, fight!"

All these things have to be considered. Editors who have to fit names into headlines would vote for Dons over Caballeros any day. But this should not influence trustees. Picking a name is their problem, thank goodness.

While on the subject of names, I have to confess that I goofed and got an F in my entomology last time out. I identified one of the Beatles as Johnny Ringo. His name is Ringo Starr.

Johnny Ringo was a gunman of the Old West. I think it was Gregory Peck who played his role in a movie not so many years ago. Ringo was shot in the back by a young gunman seeking to establish a reputation. The same fate should strike old fuzzy-headed reporters who don't know one Beatle from another.

REMEMBER WHEN?

10 YEARS AGO

A 24-year-old Novato man was hospitalized with polio, the 17th case in Marin in 1954.

Inside concrete walls of the new Waldo Tunnel were ready to be poured. The operation was scheduled to take 36 days.

Unpaid taxes during 1953-54 amounted to 1.88 per cent of the county's entire tax bill, County Tax Collector M. F. Donohue said.

About 50 per cent of 66 property owners involved signed a petition for formation of a $115,000 parking assessment district to purchase Northwestern Pacific Railroad property in Mill Valley.

20 YEARS AGO

Education in democracy for 60 Italian prisoners of war was to begin under a new program set up by Marin Junior College in cooperation with military authorities, Ward H. Austin, president, announced.

Some 959 northern California motorists pondered what they would tell the judge—and their ration board—after being cited in a California Highway Patrol traffic blockade at Alto. Office of Price Administration (ration board) officials took part in the checks extending from Sonoma County to the Mexican border, and military police checked identification cards and draft papers.

McCabe Planning To Meet Lyndon

George E. McCabe of Santa Rosa, Democratic nominee for Congress, left Sunday for Washington, D.C., where he will meet President Lyndon B. Johnson, congressional leaders and cabinet officers.

McCabe, Sonoma State College administrator, said he would return Sunday, in time to take in the last day of the Napa Town and Country Fair. In Washington, he will confer on problems of the First Congressional District, which includes Marin.

McCabe is trying to oust Don H. Clausen (R-Crescent City) in November.

Today is Tuesday, Aug. 4, the 217th day of 1964 with 149 to follow.

The moon is approaching its new phase. The morning stars are Jupiter, Saturn, Venus and Mars. The evening star is Saturn.

On this day in history:

In 1735, freedom of the press was established when John Peter Zenger, publisher of a New York newspaper, was acquitted of libel charges.

In 1914, England declared war on Germany and the U.S. announced its neutrality.

In 1916, the U.S. bought the Virgin Islands from Denmark for 25 million dollars.

In 1955, Red China released 11 U.S. Air Force fliers after they had been held for more than two and one-half years.

A thought for the day: Theodore Roosevelt said: "No man is justified in doing evil on the ground of expediency."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type indicates p.m. times.**

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Who Should Scold Whom When You Could Have Saved Day?

It's reasonable to scold your partner if he's a much better player than you. Obviously, anything that goes wrong is his fault.

It's foolish to scold a weaker player if you could have saved the situation.

♠ K 7
♥ J 6 5 3
♦ K 7 6
♣ A K 5 3

What do you say?

Answer.

Bid one club.

If partner responds one diamond, you can show the hearts. Otherwise, you has better forget about the attenuated suit.

For Sheinwold's 36-page booklet "Pocket Guide to Bridge," send 50c to Bridge Book, Independent Journal, P.O. Box 330, San Rafael.

Opening lead — ♡ 10

West opened the ten of hearts, and East overtook with the queen to make sure of continuing the suit if West had led a singleton.

East continued with the ace and king of hearts to put South's trumps in the middle.

DEFENSE ENDED

South ruffed with the ten of spades, and West over-ruffed with the jack. This was the end of the defense. South could easily win any return, draw trumps with the king, ace and nine, and then claim the tricks.

East pounced on West for his error. There was no reason to over-ruff since the jack of spades would win a trick at any time.

If West discarded he would eventually get a trick with the eight of spades as well as the pack.

STANDARD POSITION

This is a standard position.

Don't over-ruff a high trump when you have length and strength in trumps. Let declarer weaken his trump holding while you mark time by discarding.

East thought he was guiltless but he just showed that he was not a real champion when he pounced on his partner.

East could see who was sitting across the table from him and should have done what he could to save the partnership from all harm.

East's best play is to win the first trick with the ace of hearts and continue with the queen. This leaves him in position to continue with the king of hearts if it turns out that South has three hearts and West only one.

When both South and West follow suit to the queen of hearts, East next leads the deuce of hearts.

The idea is to give South the impression that the opening lead was from length rather than shortness.

If South is trapped into ruffing with a low trump, West can over-ruff without losing his trump trick. If South is clever enough to ruff with a high trump, nothing has been lost.

NOTICE OF SALE OF $1,615,000 PRELIMINARY LOAN NOTES OF REDEVELOPMENT AGENCY OF THE COUNTY OF MARIN
August 4, 1964

SEALED PROPOSALS will be received by the above-identified local public body corporate (hereinafter called the "Local Public Agency") at Administration Building in the City of Marin City, California, until, and publicly opened at one o'clock, P.M., Eastern Daylight Saving Time, on August 18, 1964 for the purchase of $1,615,000 of notes of the Local Public Agency to be known as "Preliminary Loan Notes (Seventh Series A)," being issued to aid in financing its Urban Renewal Project, designated Project No. Calif. R-8. The United States of America, acting by and through the Housing and Home Finance Agency, has agreed to make a loan under Title I of the Housing Act of 1949, as amended (42 U.S.C. 1450 et seq.), to the Local Public Agency to assist the latter in undertaking and carrying out such Project. By authority of said Act and with the agreement of the Local Public Agency, the said Notes are to be unconditionally secured as to the payment of both principal and interest by the United States of America. The full faith and credit of the United States will be pledged to such payment under an unqualified payment agreement endorsed on each of the Notes. Under said Act, such agreement is required to be construed by all officers of the United States separate and apart from said loan agreement and is incontestable in the hands of a bearer thereof.

THE NOTES will be dated September 8, 1964, will be payable to bearer on March 11, 1965, will bear interest from their date to their maturity at the rate or rates per annum fixed in the proposal or proposals accepted for the purchase of such Notes, will be issued in such denominations, and both principal and interest thereof will be payable at such incorporated Bank having trust powers or incorporated Trust Company, as the purchaser designates in the proposal. Such Bank or Trust Company must be a member of the Federal Reserve System, or of the Federal Deposit Insurance Corporation, and must have an unimpaired capital and surplus of not less than the aggregate principal amount of Notes designated in the proposal or proposals submitted by the purchaser; provided, however, that such unimpaired capital and surplus need not exceed One Million Dollars. The Notes will provide that they are not valid until after such Bank or Trust Company has signed the agreement, appearing on each Note, to act as paying agent. The Notes will be transmitted to such Bank or Trust Company for delivery to the purchaser upon receipt and disbursement by such Bank or Trust Company of the purchase price thereof in accordance with instructions from the Local Public Agency. After taking delivery of the Notes, the purchaser shall obtain the signature of such Bank or Trust Company upon the Notes as aforesaid. All fees or charges, if any, of such Bank or Trust Company shall be paid by such purchaser.

SAID NOTES will be special obligations of the Local Public Agency and will be secured by a requisition agreement between the Local Public Agency and the United States of America under the terms of which agreement the United States of America agrees to lend the Local Public Agency prior to the maturity of said Notes an amount sufficient to pay the principal and interest of all said Notes and agrees to cause so much of the proceeds of such loan as shall be sufficient to pay the principal of and interest upon any of said Notes to be deposited at the respective Bank or Trust Company at which said Notes are payable for the benefit of the holder or holders thereof. Under the proceedings authorizing said Notes, the proceeds of such loan payment will be irrevocably pledged first to the payment, at maturity, of the principal of and interest on said Notes.

THE VALIDITY of the Preliminary Loan Notes and of said requisition agreement will be approved by Attorneys Orrick, Dahlquist, Herrington & Sutcliffe, 405 Montgomery Street, San Francisco, California 94104, and such attorney's opinion will be furnished to the successful purchaser without charge.

ALL PROPOSALS for the purchase of said Notes shall be submitted in a form approved by the Local Public Agency and shall be enclosed in a sealed envelope, addressed to the Local Public Agency, which should be marked on the outside "Proposal for Preliminary Loan Notes." Copies of such form of proposal may be obtained from the Local Public Agency at the address indicated above. Proposals may be submitted subject to completion pursuant to telegraphic instructions which must be received by the Local Public Agency at or before the time above specified for the opening of proposals. In view of certain statutory and policy limitations, no award of the Notes will be made at an interest rate per annum which is not less than three and one-half per centum (3½%).

PROPOSALS may be for all or any part of the Notes, and separate proposals will be required for each part of said Notes for which a separate interest rate is bid. The interest rate specified for each part of said Notes shall be a multiple of one-hundredth (1/100) of one percent (1%). Said Notes will be awarded at the lowest interest rate or rates offered in the proposals, without reference to premium; provided, however, that, as among proposals specifying the same lowest interest rate, award will be made on the basis of the highest premium per dollar principal amount of Notes specified in such proposals. No bid for less than $50,000 principal amount of said Notes or for less than par and accrued interest (which interest shall be computed on a 360-day basis) will be entertained, and the Local Public Agency reserves the right to award to any bidder all or any part of the Notes which such bidder offers to purchase in his proposal, upon the basis of such proposal; provided, that if less than $50,000 principal amount of Notes is to be awarded to any bidder, such bidder will be relieved of the obligation to purchase such Notes upon written notice to the Local Public Agency within two days after notification of such proposed award. If only a part of the Notes bid for in a proposal are awarded by the Local Public Agency, the premium, if any, offered in such proposal shall be prorated, and said Notes will be issued in denominations in the order of the lowest denominations specified in such proposal; provided that one Note may be issued in a smaller denomination than is otherwise specified. The further right is reserved to reject any or all proposals.

SECTION 102(g) of the Housing Act of 1949, as amended (42 U.S.C. 1452), provides as follows: "Obligations, including interest thereon, issued by local public agencies for projects assisted pursuant to this title, and income derived by such agencies from such projects, shall be exempt from all taxation now or hereafter imposed by the United States." In the event that prior to the delivery of any of the Notes to the successful bidder therefor the income received by private holders from obligations of the same type and character shall be taxable by the terms of any Federal income tax law hereafter enacted, the successful bidder may, at his election, be relieved of his obligations under the contract to purchase said Notes.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Sunglasses Should Be Chosen With Specific Purpose In Mind

VAN DELLEN

Sunglasses screen the eyes from the brightness of the sun. Not everyone needs them and some persons enjoy sunshine too much to wear them. At the other extreme are those who use them for medical reasons. Protection from glare is appreciated by persons with blue, gray, hazel, or green eyes who have less pigment than the brown-eyed.

SUNGLASSES should be chosen with a particular purpose in mind. When sunbathing at the beach, skiing, or working in a field, the best lenses are those dark enough to screen out most of the light. They ought to have a 10 to 20 per cent transmission, which means that only 10 to 20 per cent of the light reaches the eyes or, conversely, that 90 to 80 per cent of the light is screened out.

Lenses with 20 to 30 per cent transmission are acceptable for driving a car; a lesser density would shut out too much light for safe driving. Sunglasses that let in more than 30 per cent of the light are suitable only for decoration and to keep out dust.

THE COLOR OF the lens is related more to style than to function. Exceptions are red, red-orange, yellow, or blue that might interfere with the recognition of street signal lights. The glasses should be free of defects such as scratches, bubbles, and other flaws.

They should be large enough to give complete protection from glare. The curved lenses help prevent distortion as the eyes rotate. They should fit properly and not block side vision.

MANY BUYERS are more interested in the frames than the lenses. But make sure the frames do not block side vision and are comfortable at the nose, temples, and ears. Prescription lenses are advised for persons with astigmatism or other eye defects of this kind.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

NIGHT CRAMPS

G. M. H. writes: I am 65 and have diabetes, which is controlled by pills. Could this disease contribute to the night cramps that bother me?

REPLY

Yes, but many nondiabetics your age have the same problem. Night cramps usually are associated with poor circulation, overstretching of a muscle, or neuritis. Send stamped, self-addressed envelope for leaflet on leg cramps.

INFECTION FROM PIGEONS

M. T. writes: I had a chest X-ray while I was in the hospital after an accident. The doctor says I have something caused by pigeon disease. What can this be?

REPLY

Several fungal and viral diseases of the lung are transmitted to man by inhaling dust contaminated by infected birds, including pigeons. Histoplasmosis and psittacosis are the most common examples.

FLEXIBLE BLOOD VESSELS

J. R. writes: I work seated in an armchair with my elbows resting on the sidearms. Is the circulation of the blood to the heart affected when the elbows are so raised?

REPLY

No. The blood vessels are elastic and help the heart force blood upward when necessary. Circulation to the brain would be impaired all the time if your conjecture were correct.

LISPING TEEN-AGER

L. F. writes: Is there any chance of curing a 17-year-old boy of lisping?

REPLY

This child needs speech therapy. Consult your physician about such facilities in your community. Meanwhile, have him read out loud and help him enunciate each word properly.

Unusually Quiet Meeting Set For Sausalito Council

Sausalito City Council has a quiet meeting on tap at 8 p.m. today—not a controversial item in sight.

City Mgr. Charles A. Brown will report on an architectural landscaping plan for the state freeway interchange at Spencer Avenue. The council will hold a hearing on an application from Sausalito Cooperative Nursery School for a conditional use permit to add a deck area to its facilities.

Also on the agenda: Abandonment of Romer Avenue and Spring Street, undeveloped streets west of Highway 101; an offer from the State Division of Highways of the end of Currey Lane as surplus land, and preparation of the official city map.

West Marinite Heads Chiropractic Society

Dr. W. F. von Schucker of Point Reyes Station has been named president of Marin County Chiropractic Society.

Other officers elected at a recent meeting at the home of Dr. J. Diederich of Mill Valley were Dr. Robert W. Pearce of San Rafael, vice president; Dr. George Hermann, San Rafael, secretary-treasurer, and Dr. Albert B. Carter, Fairfax, publicity officer.

Containing the widest variety of marine life found anywhere, the Great Barrier Reef is the world's most extensive hunting ground for coral fancier, shell collector, underwater explorer and marine biologist.

Arts, Crafts Show Planned

An arts and crafts show featuring the best work of children participating in the Sausalito summer recreation program will be open to the public at Central School Friday from 2 to 4 p.m.

Co-sponsored by the Sausalito Recreation Commission and the Central-Bayside Parent-Teacher Assn., the six week program had 140 children participating, with an average daily attendance of 80.

Mrs. Eugene M. Huggins, P-TA president, said the program may be curtailed in the future because some parents failed to pay the fee for materials needed in the program.

Traffic Safety Topic Of Greenbrae Group

Greenbrae Property Owners Assn. will meet today at 8 p.m. at Greenbrae School instead of Greenbrae Co. offices as reported in the Independent-Journal yesterday.

County Supervisor William D. Fusselman and Capt. Theodore F. Parnow of the California Highway Patrol will discuss traffic safety at the homeowners meeting.

Library Fund Gets Boost In Larkspur

The City of Larkspur's building fund for a new library was given a substantial boost yesterday in the form of a single $1,000 contribution.

City manager Ronald E. Piper said the payment was received from the Schultz Foundation in Greenbrae.

The city started the fund by putting aside $3,000 last year. Piper said another $3,000 will be set aside about November. With the Schultz contribution and some money collected by librarian Helen S. Wilson the fund should amount to about $7,500 by the end of 1964, he said.

It is estimated that it will cost from $40,000 to $45,000 to build the library.

New Zoning Approved For Two Parcels

The Marin County Planning Commission yesterday approved new zoning recommendations for two parcels squeezed between the City of Sausalito and the proposed community of Marincello, requiring larger lots than at present.

The change, if approved by the board of supervisors, would put the area at the top of Wolfback Ridge in compliance with the restrictions imposed by the city nearby, a 20,000 square foot lot minimum.

Only one property owner, Alvin W. Schubert, appeared to object. He said he felt two houses could be allowed on a half acre of land, saying that the weather on the ridge was so cold and foggy that residents could not enjoy outdoor living anyway.

Other residents appeared to support the large lots, saying that the steep terrain, septic tank problems and narrow private roads would prevent small lot development anyway, and that duplexes, which are now allowed, must be prevented.

Two Marin Youths In Navy For Year

David W. Little, 17, son of Mr. and Mrs. William D. Little of 86 Brookmead Court, San Anselmo, and Frederick A. Burk, 17, son of Mrs. Dorothy M. Foulkes of 98 Berkeley Avenue, San Anselmo, have enlisted for minority year service in the U.S. Navy.

Minority year service is open to 17 year old boys and lasts until the day before their 21st birthday. They get credit for a four-year hitch and are in the Naval Reserve for two additional years.

Little is a graduate of Sir Francis Drake High School and Burk attended high school for three years. Both are now taking ten weeks of recruit training at the Naval Training Center in San Diego.

Marinites Take Cruise On Destroyer Escort

Two Marin County men have completed two weeks active duty training aboard the destroyer escort USS Edmonds, operating on anti-submarine duty out of San Francisco.

They are Thomas J. McGuire, seaman, son of Mr. and Mrs. John J. McGuire of 80 Berkeley Avenue, San Anselmo, and Luis R. Cortez, seamen apprentice, son of Mr. and Mrs. E. C. Cortez Jr. of 342 Arias Street, San Rafael.

Australia's Great Barrier Reef stretches for 1,250 miles, measuring 12 miles at its narrowest point and 150 miles at its widest.

Anti-Quackery Workshop Set In San Mateo

SAN MATEO—An 11 day anti-quackery workshop beginning next week under College of San Mateo sponsorship drew support and commendation today from the president of the California Chiropractic Assn.

Dr. G. H. Parchen Jr. of National City said association representatives will attend the sessions because the association is supporting all groups working to stamp out medical quackery.

CONDEMNS FRAUDS

Dr. Parchen condemned such medical frauds as overu nd misuse of drugs, unnec ry surgery, experimental of drugs on patients and inadequate treatment of spinal problems.

He pointed to the support his association had given to previous California legislative bills, now law, to control "fraudulent, dangerous, unscientific and deceptive practices in the field of treatment of disease," particularly in cancer treatment.

He also stated that his association has proposed stronger policing powers for the California Board of Chiropractic Examiners and is continuing to seek legislation to tighten regulations in all the healing arts. The chiropractors also urge strong laws prohibiting the use of human beings as guinea pigs in testing drugs without their consent.

Dr. Parchen also stated, "all fields of healing, including doctors of medicine, osteopathy and chiropractic, have their few nonconformists who may be either quacks or sincere doctors with theories that differ from those held by the majority. The quacks must be eliminated and the new theories tested.

EVEN SISTER KENNY

"Lister, Pasteur, Roentgen and even Sister Kenny were called quacks by some members of the medical profession. Research and advancement in health treatment must progress, and prejudice and monopolistic greediness must not stand in the way."

Dr. Parchen said the State Chiropractic Assn. also has recommended that an annual two day symposium be a requisite to renewal of chiropractic licenses.

He said this should be in addition to the present minimum successful completion of a four year chiropractic college course now a requisite for application for a chiropractic license from the State of California.

Electronic Brains May Help, Hinder Research

By GENE BYLINSKY
Advance News Service
Progress Report Writer

WASHINGTON—The electronic computer, to which the public often ascribes near-magic qualities, in many cases is being turned into a scapegoat and a a device for avoiding responsibility.

Furthermore, computers in most instances are not being used imaginatively as tools for scientific discovery, but as machines disgorging a "paper jungle" few scientists find time to wade through.

As scientists concentrate on huge problems that can be fed into computers with certainty of producing results, "much of our research is migrating to an age of dinosaurs," says Dr. David L. Johnson, professor of electrical engineering at the University of Washington. He adds: "We all know what happened to the dinosaurs."

Speaking at a recent meeting sponsored by the Air Force, Dr. Johnson said computers will "add tremendously" to the quantity of our research goods.

This outpouring of data may help and hinder researchers. But in any case, at least some scientists "will shed the man-computer straight-jacket, pick the computer up and shake it, and turn it into a dynamic tool for scientific discovery and exploration to improve the quality of their goals as well as the quantity of their goods."

One reason computers are now used mainly for routine calculations and information processing is that the machines function most effectively on "well-structured or defined problems," says Dr. Johnson.

"If we have 3,999 limits defined, the method fixed, the input clear, the computer can make certain the definition of the 4,000th limit," says Dr. Johnson. "The introduction of computers in such a context is nearly a guarantee of the fact that we can find out something."

The problem is that "we can hardly afford to take a flier on our intuition and play with an idea completely new," he says.

"When it is so easy to obtain rapid solutions there is a great seduction to merely go ahead obtaining solutions instead of making the required evaluation as to which of the current solutions is optimal," adds Dr. Johnson.

In some cases, when there are many seemingly correct answers to a problem, the tendency is to accept the computer solution just because it is a computer solution.

Furthermore, problems are designed to fit a computer solution. This isn't too different from what has happened with automatic tomato pickers, Dr. Johnson notes. The machine picks tomatoes both more rapidly and more efficiently than men, but many of the tomatoes have broken skins.

"What to do about it?" asks Dr. Johnson. "The research center is now avidly working on a new tomato with a tougher skin."

Some of the other reasons for using computers in science and industry, according to Dr. Johnson, include prestige; the "hustle to get things done; and the need to believe in the "myth of objectivity" which computer usage makes possible.
